FIT EXPLORER CHALLENGE

Orion Energizers

LEVEL 8 COMPLETE: 5,000 POINTS

NASA's Exploration Systems Mission Directorate would like to congratulate

Crew Member

_____

on the completion of this Fit Explorer Challenge level.

This certificate is in recognition of your dedication to learning about space exploration, NASA, and being physically fit.

You have learned to train like an astronaut.

Charles Lloyd, PharmD
Human Research Program Education and Outreach
Program Manager

Melissa Johnson, M.S.
The President's Council on Physical Fitness and Sports
Executive Director

NASA's future goal is to design a safe, reliable, and reusable space transportation system. The Crew Exploration Vehicle (CEV) will be named Orion. Orion will operate in low-Earth orbit, safely carrying up to six astronauts to the International Space Station (ISS), back to the Moon and later on to Mars.
