OpenNEX: BUILD AN APP

Challenge – Seeking applications that utilize the Climate and Earth Science data (OpenNEX) on Amazon Web Services (AWS) in new and creative ways

Challenge Budget $68,727

Challenge Award $50,000

Exposure of OpenNEX data; Good visualization tools

NTL NASA Tournament Lab

Center of Excellence for Collaborative Innovation

Results

- The final 5 applications selected were excellent visualization tools
- Scientific merit of tools less than anticipated; lesson learned for future challenge design
