Chantelle Baier

- Founder/CEO of 4Space LLC
- Chantelle presents a unique combination of creativity, contacts, and out of the box thinking. In the non-linear world that exists today, this type of structuring and planning is necessary. 4SPACE was formed in 2018 to provide a structured vehicle that merges this new thinking, talents, and assets effectively to address the radical changes that we have experienced and those that will be forthcoming.
- 4SPACE takes advantage of Chantelle Baier's personal connections that she has built over the span of 15 years. She has business relations with top industry leaders, CEO's, R&D leaders, Celebrities, and Government to Private Space, to Entertainment to Fashion, STEM and education, and many more under her personal umbrella.

17 Touch Points optimized by tactile memory

- **FEATURES**
- **17 Touch Points** - 5 Touch Points per finger (3 on small finger) each makes a keystroke when touched by the thumb tip contact.
- **Seamless Thumb Tip Contact** - improved performance, durability and comfort.
- **Stainless Steel Finger Sensors** - durable, flexible touch sensors on fingers.
- **Touch Indicators** - easy to see touch location indicators.
- **User Programmable Hotkeys** - customize layouts to specific applications.
- **Swap able Glove** - glove can be easily swapped for different sizes or replacements.
- **User Adjustable Touch Calibration** - individual Touch Point locations for accurate touch sensing for a wide variety of hand sizes. Adjust location of Touch Points.
- **Comfortable Fabric** - Thin, lightweight, breathable fabric for ideal fit and maximum comfort.
- **Hand Washable** - the glove is hand washable when the pod is removed.
