11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods:

(a) By completing Items 8 and 15, and ☐ Copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offor submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA *(If required)*
Increase funding by $5,000,000

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.(x)

	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	d. OTHER *(Specify type of modification and authority)* Contract Clauses I.1; 52.232-22 Limitation of Funds (APR 1984)

E. IMPORTANT: Contractor [X] is not, ☐ is required to sign this document and return _____ copies to the issuing office.

14. description of amendment/modification *(Organized by UCF section headings, including solicitation/contract subject matter where feasible.)*

The purpose of this modification is to obligate incremental funding in accordance with Section B.4 NFS Contract Funding. This change increases the amount of funding by $5,000,000 from $5,219,000 to $10,219,000.

See continuation pages for more details.

B.4 NFS 1852.232-81 CONTRACT FUNDING (JUN 1990)

(a) For purposes of payment of cost, exclusive of fee, in accordance with the Limitation of Funds clause, the total amount allotted by the Government to this contract is (b) (4) This allotment is for cargo mission services and covers the following estimated period of performance: January 1, 2011 through June 24, 2011.

(b) An additional amount of (b) (4) is obligated under this contract for payment of fee.

(End of clause)

B.5 FUNDING FOR FIXED-PRICE ITEMS PHASE-IN

Fixed-Price (FP) Milestone Payments for Phase-In exist under a FP arrangement in this contract and therefore must be fully funded. FP Milestone Payments for Phase-In is fully funded at the time of contract award. Funds obligated under this clause are separate and distinct from those allotted under Clause B.3

The FP amount obligated and available for FP Milestone Payment for Phase-In is (b) (4)

The TOTAL FP amount obligated and available is (b) (4)

(End of clause)

B.6 INDEFINITE DELIVERY/INDEFINITE QUANTITY (IDIQ) ORDERS

The Government may order Indefinite Delivery/Indefinite Quantity (IDIQ) work at any time after contract start in accordance with the procedures set forth in Clause H.3 and SOW section 5.0 of this contract. The contractor shall provide engineering and technical skills in support of Government-led studies, analyses, and unforeseen hardware requirements such as hardware builds and modifications. The tasks may be dynamic in nature and may be performed in a teaming arrangement with the Government or other contractors.

IDIQ work will be ordered by the Government on a cost-reimbursement basis. The Government will issue a cost-reimbursement task order authorizing the contractor to perform all effort, or, alternatively, to define the overall requirements, performance standards, and specifications associated with the work. The Government will utilize the defined requirements, performance standards, and specifications delivered by the contractor to request a proposal for completion of the work. The negotiated proposal will form the basis for the Government to issue a cost reimbursement task order for this work.

E. IMPORTANT: Contractor ☐ is not, ☒ is required to sign this document and return 1 copies to the issuing office.

14. description of amendment/modification (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this modification is to increase the current contract value from $64,695,709 by $71,490 to $64,767,199 due to the delay in the transition of the Flight Crew Equipment (FCE) from the Shuttle Program to the ISS Program. The delay is caused by the addition of Shuttle Flight Shuttle Transportation System (STS)-135 to the Shuttle Program. Thus, Attachment J-3, Phase-In Plan, needs to be modified along with several other corresponding contract clauses.

(See Continuation Pages)

15A. NAME AND TITLE OF SIGNER (Type or print)		16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)	
Dan Wegner, Contracts Administrator		Eric J. Schell, Contracting Officer	
15B. CONTRACTOR/OFFEROR (Signature of person authorized to sign)	15C. DATE SIGNED 31 March 2011	16B. UNITED STATES OF AMERICA BY (Signature of Contracting Officer)	16C. DATE SIGNED 3/31/11

A. Due to the delay in transition of FCE as a result of the addition of STS-135 to the Shuttle Program, the proposed Attachment J-3, Phase-In Plan, needed to be revised. Lockheed Martin would not be able to complete all of the proposed phase-in tasks prior to the end of the contract phase-in period. Thus, it is in the best interest of the Government to move the unfinished phase-in scope into the cost plus portion of the contract.

In addition to moving some unfinished work into the cost plus portion, Phase-In Milestone 11 was created to account for the additional planning, scheduling, and transition moves of the FCE as a result of STS-135.

1. **Clause B.2, Total Contract Value** is hereby revised to reflect the increase in contract value and the decrease of the Firm Fixed Price Phase-In. The table shown below is a summary of the B.2 Total Table showing net change to each line item. As a result of this change, replacement pages B-1 and B-2 of the modified conformed contract are hereby attached as pages 4 and 5 of this modification, respectively.

		Prior Cum	This Action	Revised Value
	1. Cost	(b) (4)		
Mod 2	2. Avail AF			
Phase-In	3. Total Cost and Fee			
Changes	4. Firm Fixed Price (FFP)			
	5. IDIQ NTE			
	6. TOTAL Potential CV	(b) (4)		**$171,180,957**

2. **Clause B.3, NFS 1852.216-85 Estimated Cost and Award Fee** is hereby revised to reflect the increase due to the moving of Firm Fixed Price Phase-In scope into the cost plus portion. The estimated cost increased from (b) (4) and the award fee increased from (b) (4)

   Upon reviewing Section B to reflect the changes due to the moving of Firm Fixed Price Phase-In scope into the cost plus portion, the Government realized that the current estimated cost included the Firm Fixed Price Phase-In cost which is in error, therefore, the estimated cost was decreased from (b) (4) As a result of this change, replacement page B-2 of the modified conformed contract is hereby attached as page 5 of this modification.

3. **Clause B.5, Funding for Fixed Price Items Phase-In** is hereby decreased to reflect the movement of tasks proposed during Phase-In to the cost plus portion. This modification decreases the Firm Fixed Price Phase-In from (b) (4) As a result of this change, replacement page B-3 of the modified conformed contract is attached as page 6 of this modification.

4. **Clause B.7 Award Fee** is hereby revised to reflect the increase of the award fee for evaluation period 1, April 1, 2011 through September 30, 2011 from (b) (4) and the total from (b) (4) due to the moving of Firm Fixed Price Phase-In scope into the cost plus portion. As a result of this change, replacement page B-5 of the modified conformed contract is attached as page 7 of this modification.

(See Continuation Page)

5. **Clause B.8 Fixed Price Milestone Payments – Phase-In** is hereby revised to reflect the decrease of the Firm Fixed Price Phase-In for Milestones 7, 8,10 and the addition of Milestone 11 due to the moving of Firm Fixed Price Phase-In scope into the cost plus portion, as part of these tasks cannot be completed during the Phase-In as proposed.
   - Milestone 7 – decreased from [redacted]
   - Milestone 8 – decreased from [redacted]
   - Milestone 10 – decreased fro[redacted]
   - Milestone 11 – increased from [redacted]

   As a result of this change, replacement page B-6 of the modified conformed contract is attached as page 8 of this modification.

6. **Clause B.9 NFS 1852.216-78 Firm Fixed Price (Contract Phase-In) (Dec 1988)** is hereby revised to reflect the decrease of the Firm Fixed Price Phase-In from [redacted] due to the moving of Firm Fixed Price Phase-In scope into the cost plus portion. As a result of this change, replacement page B-7 of the modified conformed contract is attached as page 9 of this modification.

7. **Attachment J-3, Phase-In Plan** is hereby revised to reflect the changes in the Phase-In Milestones 7, 8, 10 and the addition of Milestone 11 due to the moving of Firm Fixed Price Phase-In scope into the cost plus portion. Lockheed Martin would not be able to complete all of the proposed Phase-In tasks prior to the end of the contract Phase-In. As a result of this change, Attachment J-3, Phase-In Plan was revised in its entirety, and is attached as pages 10-37 of this modification.

B. All other changes to the conformed contract are as a result of changes in the formatting and page numbering.

C. All other terms and conditions shall remain unchanged and full force and effect.

PART I - THE SCHEDULE

SECTION B - SUPPLIES OR SERVICES AND PRICE/COSTS

B.1 LISTING OF CLAUSES INCORPORATED BY REFERENCE

NOTICE: The following contract clauses pertinent to this section are hereby incorporated by reference:

I. FEDERAL ACQUISITION REGULATION (48 CFR CHAPTER 1)

CLAUSE NUMBER	DATE	TITLE
None included by reference		

II. NASA FAR SUPPLEMENT (48 CFR CHAPTER 18) PROVISIONS

CLAUSE NUMBER	DATE	TITLE
None included by reference		

B.2 TOTAL CONTRACT VALUE

The current cumulative contract value is $64,767,199 (including the Firm Fixed-Price (FFP) Phase-In).

The minimum amount of IDIQ supplies and services ordered in total and paid for under this contract shall be $15,000.

The maximum not-to-exceed (NTE) value of IDIQ supplies and services ordered in total under this contract is $20 Million, which includes incidental materials and travel. The maximum NTE amount does not reflect an obligation of the Government. The Government's obligation hereunder shall be based on that specified in the task/delivery orders issued during the period of the contract.

Basic Period of Performance Table

	Maximum Contract Value

(End of clause)

B.3 NFS 1852.216-85 ESTIMATED COST AND AWARD FEE (SEP 1993)

The estimated cost of this contract is (b) (4) The maximum available award fee, excluding base fee, if any, is (b) (4) Total estimated cost, base fee, and maximum award fee is $148,964,165.

(End of clause)

B.4 NFS 1852.232-81 CONTRACT FUNDING (JUN 1990)

(a) For purposes of payment of cost, exclusive of fee, in accordance with the Limitation of Funds clause, the total amount allotted by the Government to this contract is (b) (4) This allotment is for cargo mission services and covers the following estimated period of performance: January 1, 2011 through June 24, 2011.

(b) An additional amount of (b) (4) is obligated under this contract for payment of fee.

(End of clause)

B.5 FUNDING FOR FIXED-PRICE ITEMS PHASE-IN

Fixed-Price (FP) Milestone Payments for Phase-In exist under a FP arrangement in this contract and therefore must be fully funded. FP Milestone Payments for Phase-In is fully funded at the time of contract award. Funds obligated under this clause are separate and distinct from those allotted under Clause B.3

The FP amount obligated and available for FP Milestone Payment for Phase-In is (b) (4)

The TOTAL FP amount obligated and available is (b) (4)

(End of clause)

B.6 INDEFINITE DELIVERY/INDEFINITE QUANTITY (IDIQ) ORDERS

The Government may order Indefinite Delivery/Indefinite Quantity (IDIQ) work at any time after contract start in accordance with the procedures set forth in Clause H.3 and SOW section 5.0 of this contract. The contractor shall provide engineering and technical skills in support of Government-led studies, analyses, and unforeseen hardware requirements such as hardware builds and modifications. The tasks may be dynamic in nature and may be performed in a teaming arrangement with the Government or other contractors.

IDIQ work will be ordered by the Government on a cost-reimbursement basis. The Government will issue a cost-reimbursement task order authorizing the contractor to perform all effort, or, alternatively, to define the overall requirements, performance standards, and specifications associated with the work. The Government will utilize the defined requirements, performance standards, and specifications delivered by the contractor to request a proposal for completion of the work. The negotiated proposal will form the basis for the Government to issue a cost reimbursement task order for this work.

*Propose additional Labor Categories that cannot be logically mapped into any of the Standard Labor Categories above. Provide a job description and qualifying education and experience for all additional labor categories.

**Rates to be applied to non-labor costs (i.e. material, travel). Identify the rates and basis of application.

(End of clause)

B.7 AWARD FEE

The amount of fee earned by the contractor shall be determined in accordance with Attachment J-5, Award Fee Evaluation Plan.

The amount of available and earned fee, by evaluation period, is provided in Table B-5 below:

Table B-5 Available and Earned Fee

Basic	Evaluation Periods	Available Fee	Earned Fee	Score	Rating	AF Payment Mod
1	04/01/11 – 09/30/11	(b) (4)				(b) (4)
2	10/01/11 – 3/31/12					
3	04/01/12 – 09/30/12					
4	10/01/12 – 3/31/13					
5	04/01/13 – 09/30/13					
6	10/01/13 – 03/31/14

14	10/01/17 – 03/31/18				

(End of clause)

B.8 FIXED PRICE MILESTONE PAYMENTS – PHASE-IN

The following fixed-price amounts, identified in column C, will be paid for delivery of each of the milestones as shown in the table below on or before their associated due date in column B. Payment is dependent upon the contractor satisfactorily completing the milestones identified in their Attachment J-3, Phase-In Plan. When the milestone is not completed on or before the due date (column B) the fixed-price payment (column C) will be reduced by 2% per work day until the milestone is satisfactorily completed. These milestone payments only apply to milestone deliveries in the "phase-in period" identified in the contractor's Attachment J-3, Phase-In Plan.

A) Milestone	B) Due Date	C) Amount for Early or On Time Delivery
Milestone 1	1/7/11	(b) (4)
Milestone 2	11/14/11	
Milestone 3	3/1/11	
Milestone 4	1/28/11	
Milestone 5	2/11/11	
Milestone 6	2/18/11	
Milestone 7	3/31/11	
Milestone 8	**3/31/11**	
Milestone 9	3/31/11	
Milestone 10	3/31/11	
Milestone 11	**3/31/11**	
Total	----------	

(End of clause)

B.9 NFS 1852.216-78 FIRM FIXED PRICE (CONTRACT PHASE-IN) (DEC 1988)

The total firm fixed price of the phase-in of this contract is (b) (4) The contract phase-in period is from January 1, 2011 through March 31, 2011.

14. description of amendment/modification (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this administrative modification is to update the contract for no cost Day 1 changes that have been identified during the Phase-In period in the Statement of Work (SOW) and Data Requirements Descriptions (DRDs) for the Cargo Mission Contract follow-on.

(See Continuation Pages)

15A. NAME AND TITLE OF SIGNER (Type or print)		16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)	
Dan Wegner, Contracts Administrator		Eric J. Schell, Contracting Officer	
15B. CONTRACTOR/OFFEROR (Signature of person authorized to sign)	15C. DATE SIGNED 26 APRIL 2011	16B. UNITED STATES OF AMERICA BY (Signature of Contracting Officer)	16C. DATE SIGNED 4/26/11

A. The purpose of this administrative modification is to update the contract for no cost Day 1 changes that have been identified during the Phase-In period in the Statement of Work (SOW) and Data Requirements Descriptions (DRDs) for the Cargo Mission Contract follow-on.

1. **Section C, Statement of Work (SOW),** is hereby updated to reflect the changes to Paragraph 4.4.3, Hardware Verification, to address Sharp Edge Inspection for Extravehicular Activity (EVA) related hardware items for the Cargo Mission Contract to perform and report. As a result of this change, replacement page C-21 of the modified conformed contract is attached as page 3 of this modification.

   SOW Paragraph 5.5, Safety and Reliability Assessments, is hereby updated to correct a typographical error regarding Failure Mode and Effects Analysis/Critical Items List (FMEA/CIL) for the paragraph references from paragraphs 2.1.2 and 2.1.3 to paragraph 2.5. As a result of this change, replacement page C-26 of the modified conformed contract is attached as page 4 of this modification.

2. **Section G, Contract Administration Data, Clause G.3, NFS 1852.216-87 Submission of Vouchers for Payment (MAR 1998)** is hereby updated to reflect the change in the submission of vouchers from the Defense Contract Audit Agency (DCAA) office located in Houston, Texas to the cognizant DCAA office. As a result of this change, replacement page G-3 of the modified conformed contract is attached as page 5 of this modification.

3. **Attachment J-7, Applicable and Reference Documents,** is hereby revised to reflect the addition of XA-11-021, EVA Office Sharp Edge Policy for International Space Station Hardware Processed at Cargo Mission Contract Facility, as a reference document to correspond with the update to Section C, SOW, paragraph 4.4.3, Hardware Verification. As a result of this change, replacement page J-A7-9 of the modified conformed contract is attached as page 6 of this modification. The above mentioned letter is included in this modification as attachment 1, pages 10 through 13.

4. **Attachment J-8, Data Requirements List (DRL) and Data Requirements Deliverables (DRDs),** is hereby revised to reflect the modifications of DRDs identified during the Phase-In period. The following DRDs were modified as show below:

   - DRD C-IT-01, Information Technology Security Plan and Reports – modified to remove the need for a report for information on employees in sensitive Automated Information System (AIS) positions or assignments as the Government no longer requires this information.
   - DRD C-PM-02, Integrated Management Review Products – modified for clarification between the SOW paragraph 1.1.1, Performance Management Reviews, and the DRD. The SOW called out quarterly and the DRD called out monthly management reviews. The contract requires quarterly review, thus the DRD has been updated.

   As a result of this change, replacement pages, J-A8-17 and J-A8-67 of the modified conformed contract is attached as pages 7 and 8 of this modification.

B. This modification constitutes full and complete equitable adjustment for the changes set forth herein. In consideration of this agreed to modification, the Contractor hereby releases the Government from any and all liability under this contract for further equitable adjustment attributable to such facts or circumstances giving rise to these changes.

The contractor shall maintain all contractor facilities contracted under this SOW, used for processing of flight hardware, as no less than Generally Clean in accordance with SN-C-0005, Contamination Control Requirements. The contractor shall provide facility space with Visibly Clean (VC) requirements in accordance with SN-C-0005, Contamination Control Requirements, to accommodate VC hardware requirements for all flights in flow. The contractor shall provide controlled storage holding areas for pass-thru flight hardware and packed bags to ensure safe storage of the hardware for all flights in flow. The contractor shall co-locate the functions of hardware sustaining and pressurized cargo integration to minimize physical travel requirements for hardware.

4.4.2 Inventory Control

The contractor shall maintain inventory control by tracking and recording inventory data on all cargo that is received, stored, or processed under this contract.

4.4.3 Hardware Verification

The contractor shall implement a hardware verification process for each hardware item received to verify compliance with all ISS hardware requirements, including but not limited to labeling and sharp edge inspections in accordance with SSP 50005, Flight Crew Integration Standard (NASA-STD-3000/T). The contractor shall implement an approach that emphasizes early identification of issues with manifested hardware, before the hardware is shipped from the hardware provider. The contractor shall perform sharp edge inspections on EVA-related hardware items identified by the Government as having an EVA interface, and notify the Government when required sharp edge inspections are not performed or when discrepancies are noted on hardware. In addition to standard reporting, notification should be provided to the EVA Analysis Integration Team (AIT) point of contact. The contractor shall document discrepancies to hardware delivered for packing and coordinate with the hardware provider to resolve the discrepancy.

When requested by the Government, the contractor shall implement agreed-to resolutions and standard repair procedures, including but not limited to removal of sharp edges and ground handling items, addition of protective caps, and scratch repair on aluminum surfaces. These repairs will be requested by the Government when hardware providers are not available to perform the work. For cargo that cannot be made compliant with all ISS hardware requirements in time for nominal cargo processing, the contractor shall notify the LPM for a decision to return such cargo to the hardware provider.

5.3 Engineering Drawings/Data

Drawings shall be developed in accordance with ASME Y14.100, Engineering Drawing Practices; ASME Y14.24M, Types and Applications of Engineering Drawings; ASME Y14.34M Associated Lists; and ASME Y14.35M, Revision of Engineering Drawings and Associated Documents; and DRD C-MI-05, Engineering Drawings and Associated Lists. For all engineering drawings and associated engineering products that are delivered to NASA, or to NASA contractors, the contractor shall also transmit them to the Vehicle Master Database (VMDB) in accordance with DRD C-MI-04, ISS Vehicle Engineering Data.

5.4 CAD Models

The contractor shall deliver all CAD models developed under the Cargo Mission Contract (CMC) for new hardware or hardware modified on the CMC to the United States On-Orbit Segment (USOS) Acceptance and ISS Vehicle Sustaining contractor to maintain in a model library in accordance with DRD C-MI-03, Cargo Integration Cargo CAD Models for Launch, Return and On-orbit Configurations.

5.5 Safety and Reliability Assessments

The contractor shall perform and deliver safety assessments and FMEA/CIL worksheets in accordance with paragraph 2.5, respectively, for contractor developed hardware.

5.6 Development Schedules

The contractor shall prepare and deliver schedules for all hardware development projects to provide the Government with insight into overall project status in accordance with DRD C-PC-05, Cargo Mission Contract Program Schedules.

(End of clause)

G.3 NFS 1852.216-87 SUBMISSION OF VOUCHERS FOR PAYMENT (MAR 1998)

(a) The designated billing office for cost vouchers for purposes of the Prompt Payment clause of this contract is indicated below. Public vouchers for payment of costs shall include a reference to the number of this contract.

(b) (1) If the contractor is authorized to submit interim cost vouchers directly to the NASA paying office, the original voucher should be submitted to:

NASA Shared Services Center (NSSC)
Financial Management Division (FMD) – Accounts Payable
Bldg 1111, C. Road
Stennis Space Center, MS 39529
Phone #: 1-877-677-2123
Fax: 1-866-209-5415
Email: NSSC-AccountsPayable@nasa.gov

(2) For any period that the Defense Contract Audit Agency has authorized the contractor to submit interim cost vouchers directly to the Government paying office, interim vouchers are not required to be sent to the Auditor, and are considered to be provisionally approved for payment, subject to final audit.

(3) Copies of vouchers should be submitted as directed by the Contracting Officer.

(c) If the contractor is not authorized to submit interim cost vouchers directly to the paying office as described in paragraph (b), the contractor shall prepare and submit vouchers as follows:

(1) One original Standard Form (SF) 1034, SF 1035, or equivalent contractor's attachment to the cognizant DCAA office.

(2) Five copies of SF 1034, SF 1035A, or equivalent contractor's attachment to the following offices by insertion in the memorandum block of their names and addresses:

(i) Copy 1 NASA Contracting Officer

(ii) Copy 2 Auditor

(iii)Copy 3 Contractor

4. Use (Define need for, intended use of, and/or anticipated results of data)	5. DRD Category
These products support the quarterly management reviews of costs, schedule, and technical performance. The format provides a standardized approach for review materials.	Administrative

6. References (SOW, Clause, etc.)	7. Interrelationships (e.g., with other DRDs)
SOW 1.1.1 NPR 7120.5 NPR 9501.2	All PC and PM DRDs

8. PREPARATION INFORMATION: The contractor shall prepare the data delivery as follows:

8a. SCOPE: This DRD must be reconcilable to DRD C-PC-01. These data packages document the integrated management reviews of the cost, schedule, and technical performance on the contract. The package supports the quarterly management review of cost, schedule, and technical performance; however the contract shall provide monthly integrated management review products to the Government. These review packages shall document the level of success in the execution of contract requirements and the status of the contractor's achievement against the performance standards contained within this statement of work or elsewhere in this contract. Packages presented for program review, including insight into the contractor's, subcontractors', and vendors' overall technical, schedule, and cost performance and status metrics and management responsiveness to the performance indicated by the metrics.

8b. CONTENT: The presentations shall depict award fee period metrics, performance measurements, accomplishments, issues, corrective actions, and contract financial status including rates and other data necessary to demonstrate performance levels. The cost baseline is the Performance Measurement Baseline (PMB). The format provides a standardized approach for review materials.

The package includes:
Program Overview and Component Sections (by organization):

- Cost and Schedule performance (monthly, government fiscal year (GFY), and cum to date). Includes forcasts and variance explanations.
- Baseline comparison trace (original contract value, negotiated changes, authorized unpriced work, and pending changes.
- GFY contract headcount plan and actuals by Cost Account Manager (CAM). Note: Included in summary package only.
- Highlights and accomplishments.
- Issues/risks
- Status on Award Fee Corrective Action Plans (CAPs).

March 29, 2011

Reply to Attn of: XA-11-021

TO: CA/Director, Flight Crew Operations Directorate
OA/Manager, International Space Station Program (ISSP)

FROM: XA/Manager, Extravehicular Activity (EVA) Office

SUBJECT: EVA Office Sharp-Edge Policy for International Space Station Hardware Processed at Cargo Mission Contract (CMC) Facility

Recognizing that the ISSP has directed the CMC vendor to conduct sharp-edge inspections (SEIs) on EVA hardware under its new contract, this memorandum is issued to provide recommendations for CMC personnel who will be conducting SEIs on hardware processed at the CMC facility and to provide EVA Office inputs on Certification of Flight Readiness (CoFR) and reporting processes. Currently, all SEIs are conducted by representatives of the Vehicle Integration Test Office (VITO) under EVA Office memorandum XA-08-015. This new memo, XA-11-021, is only applicable to the pressurized cargo processed by CMC contract number #NNJ10GA35C.

SEIs are performed to ensure that spacewalking crewmembers' suits will not be damaged during EVAs potentially resulting in loss of EVA content mission objectives, impacts to mission success, and in worst case, loss of life. The spacewalkers' gloves are the most vulnerable and most-used part of the spacesuits. CMC personnel shall perform a comprehensive SEI of the entire exterior of all hardware which is designed for EVA per CMC Statement of Work paragraph 4.4.3.

The certification process for sharp-edge inspection of pressurized cargo will be managed and controlled by CMC. This process will include (but is not limited to): sharp-edge inspector training, the procedures and criteria for certification of sharp-edge inspectors, and the tracking and maintenance of sharp-edge inspector certification records. To facilitate the transition of this process to the CMC vendor, the VITO team will provide initial training for CMC personnel on the SEI techniques which have proven most useful. The current VITO SEI procedure is enclosed.

It is imperative that the ISSP direct appropriate reporting of CMC-performed SEIs. Since the EVA Office will no longer be able to report the completion of the sharp-edge inspections completed at the CMC facility as part of its CoFR activities and because of the potential consequences of the sharp-edge hazard, the EVA Office recommends a SEI CoFR reporting requirement be levied on CMC as part of their contract. Additionally, a process must be identified which reports items that either fail SEI or do not undergo SEI to the EVA Analysis Integration Team. This step will enable this item to be communicated to the EVA community and to be accounted for in EVA planning and operations.

If you have any questions or comments, please contact the EVA Flight and Increment Management Lead, Edward Mohr, at (281) 483-2545 or the ISS EVA System Manager, Stephanie Sipila, at (281) 244-2315.

Existing Vehicle Integration Test Office (VITO) Sharp-Edge Inspection (SEI) Procedures

The inspection is both visual and hands-on. Bright lights are commonly used to help identify surface defects/manufacturing defects that might cause suit damage and to enhance the overall visual inspection. The hands-on inspection will normally be performed with facility approved cloth gloves. The process entails the gloved hands "washing" over the hardware in multiple directions searching for snags, burrs, and other sharp-edges that might be difficult to visually identify.

For potential sharp-edge hazards, a Room Temperature Vulcanizing (RTV) swatch test will be used to determine if they would cause spacesuit/glove damage and, therefore, require corrective action.

For areas that are not definite sharp-edge hazards and do not damage RTV material, the decision to recommend corrective actions in the past have been left to the judgment of the VITO personnel whom are the only ones certified to conduct the SEIs. When in doubt, the VITO, as the Crew Office's representatives, has tended to err on the side of crew safety and require corrective actions to be performed. This should be the approach used by the Cargo Mission Contract (CMC).

Inspection Procedure for Extravehicular Activity (EVA) SEI Using Non-EVA Gloves and RTV Swatches

A sharp-edge is any protrusion, abrasion, burr, or exposed pointy end that has the potential to cut an EVA glove. Sharp-edges may include, but are not limited to, the following:

Safety Wire	Cables, Frayed	Corners
Exposed Threads	Torque Stripping	Galled Metal
Chamfered Threaded Holes	Knurled Surfaces	Snap Rings
Grounding Straps	Cable Ties	Cotter Pins
Screw and Bolt Heads (Burrs)	Panel Edges	Hardened Adhesives

1. To perform an SEI:

   Perform a thorough visual inspection of the hardware using bright lights or other aids as needed. Concurrently use a locally approved lightweight glove, preferably cloth, to "wash" the hardware to search for snags and sharp-edges. Definite sharp-edge hazards will be immediately identified and documented on local Problem Resolution Tracking System and tracked in the VITO Crew Squawk database until satisfactory resolution. For potential sharp-edge hazards, perform Step 2 to determine if a sharp-edge would cause spacesuit/glove damage.

2. Perform RTV swatch test, per Step 2a-2c, on the identified suspect sharp-edges.

   a. Fold the swatch over the index finger, holding it firmly in place with the thumb and middle finger.

   b. Without straining, firmly apply the RTV swatch using single passes in multiple axes across the suspect edges.

   c. Inspect the RTV swatch (fold the swatch since cuts or tears in the RTV may not be readily visible).

3. Take the appropriate action according to the results of the SEI.

   RTV swatch inspections as specified below:

RTV	Action:
No RTV Damage	Normally will be considered acceptable "as is" except where VITO experience and judgment determines that corrective action is required. If corrective action is required for resolution, reinspect for satisfactory resolution once work has been completed.
RTV Damage	Record on local Problem Resolution Tracking System and VITO Crew Squawk data base. Rework or modify sharp-edge.* Hardware provider to do the work. Retest with swatch to ensure hardware is now acceptable.

   * Rework options according to hardware provider standard shop practice. Example:
   - File/grind/reanodize
   - Sand
   - Roll edge
   - Modify hardware to reduce edge sharpness to acceptable level.
   - Cover sharp-edge (cap, Epoxy, RTV, tape)

   Any rework actions requiring vehicle engineering changes will be taken to the appropriate program board for direction.

4. Any hardware modified or altered after a VITO performed SEI will require VITO to perform another SEI.

5. If there is an issue, the following process will implemented:

   a. SEIs and SEI final inspection, acceptance, and buyoff are the official responsibility of VITO.

   b. If additional technical support is required, VITO will coordinate with the EVA Office.

   c. When there is a dispute on whether the sharp-edge must be fixed due to cost or schedule impacts, VITO will consult with local engineering management (including local engineering boards or panels, if applicable) to solicit a decision on how to proceed.

   d. Areas of dispute that cannot be resolved by a ruling from the local engineering management will be addressed at the EVA Analysis Integration Team by the appropriate EVA Office Lead and the CMC representative. This may include disposition by International Space Station Program or Space Shuttle Program.

A. The purpose of this modification is to incorporate the Data Requirements Description (DRD) C-PC-02, Annual Work Plans, in Attachment J-8, Data RequirementsList (DRL) and Data Requirements Description (DRD).This modification is a no cost change to the Cargo Mission.

1. **Section C, Statement of Work (SOW),** is hereby updated in SOW paragraph 1.1, Cargo Mission Management and Administration, to reference the addition of DRD C-PC-02, Annual Work Plans. As a result of this change, replacement page C-5 of the modified conformed contract is attached as page 3 of this modification.

2. **Attachment J-8, Data Requirements List (DRL) and Data Requirements Deliverables (DRDs),** is hereby revised to reflect the addition of DRD C-PC-02, Annual Work Plans, to the contract. The table of contents is updated to reflect the addition of this DRD. As a result of this change, replacement pages J-A8-2, J-A8-3, J-A8-60 and J-A8-61 of the modified conformed contract is attached as pages 4 through 7 of this modification.

B. This modification constitutes full and complete equitable adjustment for the changes set forth herein. In consideration of this agreed to modification, the Contractor hereby releases the Government from any and all liability under this contract for further equitable adjustment attributable to such facts or circumstances giving rise to these changes.

1.0 Management Integration and Control

1.1 Cargo Mission Management and Administration

The contractor shall conduct management and administration activities, including but not limited to risk management, to develop and deliver the required products and services as defined within this contract. The contractor shall provide for the planning, organization, control, and reporting of all activities required by this contract to assure accomplishment of all outcomes and deliverable products required by this contract. The contractor shall develop, maintain and implement a Cargo Mission Management Plan in accordance with Data Requirements Description (DRD) C-PM-01, Cargo Mission Management Plan. The contractor shall describe in the plan the contractor's management structure that integrates all related plans and systems, including those of major subcontractors and vendors. (Major subcontractor and vendors are those that exceed $1 Million dollars in annual cost to the prime contractor.) The contractor shall address in the plan the contractor's management of all systems, functions, and data requirements described in this Statement of Work (SOW). The contractor shall develop annual work plans per DRD C-PC-02, Annual Work Plans.

The contractor shall provide the government web-based electronic access to the cost, schedule and performance data to enable the government to monitor performance whenever desired to supplement the insight provided by monthly reports and quarterly reviews.

1.1.1 Performance Management Reviews (PMR)

The contractor shall conduct quarterly Performance Management Reviews (PMRs) for the Government and provide monthly integrated management review products in accordance with DRD C-PM-02, Integrated Management Review Product (IMRP), for the work performed on this contract. The reviews shall provide the ISS Program insight into the contractor's, subcontractors', and vendors' overall technical, schedule, and cost performance. Metrics that indicate the level of success in the execution of contract requirements and the status of the contractor's achievement against the performance standards contained within this SOW or elsewhere in this contract shall be presented at the PMR. The PMR presentation shall include a correlation of the metrics to the requirements and measurements of management responsiveness to the performance indicated by the metrics. The PMR presentations shall depict performance measurement, accomplishments, issues and corrective actions, company financial status, including rates and all other data necessary to status the ISS Program.

1.1.2 External and Internal Reviews

The contractor shall develop and deliver briefing materials and analyses including but not limited to ISS Program technical, cost, and schedule status, specific safety or risk issues from the scope

To the extent that data required to be furnished by other provisions of this contract are also identified and described in a DRL or DRD, compliance with the DRL or DRD shall be accepted as compliance with such other provisions.
Nothing contained in this DRL provision shall relieve the contractor from furnishing data not identified and described in the DRL attachment but called for by, or under the authority of, other provisions or as specified elsewhere in this contract. Except as otherwise provided in this contract, the cost of data to be furnished in response to the DRL attached to this contract or data to be delivered under the authority of other sections (clauses/statement of work) are included in the price of this contract.

Subject to the Rights in Data clause, this Data Requirements List (DRL)/Data Requirements Description (DRD) sets forth the data requirements in each DRD and shall govern that data required by the DRL/DRD for this contract. The contractor shall furnish data defined by the DRDs listed on the DRL by category of data. Such data shall be prepared, maintained, and delivered to NASA in accordance with the requirements set forth within this DRL/DRD. In cases where data requirements are covered by a Federal Acquisition Regulation (FAR) or NASA FAR Supplement (NFS) regulation or clause, the regulation will take precedence over the DPD, per FAR 52.215.33. NASA-Owned/Contractor-Held records shall be managed by the Contractor in accordance with Title 36 of the code of Federal Regulations, Chapter XII B, Records Management, and NPD 1440.6, NASA Records Management Program. The records shall be organized in accordance with the instructions in NPR 1441.1, NASA Records Retention Schedules, as applicable. The contractor shall disposition records and non-records in accordance with NPR 1441.1, NASA Records Retention Schedules, which has been approved by NASA and the National Archives and Records Administration (NARA). All questions on records management issues shall be directed through the Contracting Officer to the ISS Technical Records Liaison Officer.

Documents included as applicable documents in this DRL/DRD are the issue specified in the Statement of Work, and form a part of the DRL/DRD to the extent specified herein. References to documents other than applicable documents in the data requirements of this DRL/DRD may sometimes be utilized. These do not constitute a contractual obligation on the contractor. They are to be used only as a possible example or to provide related information to assist the contractor in developing a response to that particular data requirement.

DESCRIPTION

This document identifies and defines the requirements and data types for information and data required under this contract.

The DRDs define, by an individual DR, the information and data required for each deliverable document.

The data types are used to identify the approval and control required for each DR. The DRL is an index of all the DRs by category.

Documentation submitted pursuant to this clause may incorporate references to other current approved documentation, provided the references are adequate and include such identification elements as title, document number, and approval date (where applicable). However, if the

Annual Work Plans 1b. Data Type: 1	Modification 03	C-PC-02	NNJ10GA35C

5. Use (Define need for, intended use of, and/or anticipated results of data)	5. DRD Category
These products will be utilized by Government and contractor personnel to manage the fiscal year baseline work.	PC

6. References (SOW, Clause, etc.)	7. Interrelationships (e.g., with other DRDs)
1.1	C-PC-01 C-PC-05

8. PREPARATION INFORMATION: The contractor shall prepare the data delivery as follows:

8a. SCOPE: Yearly Work Plan: The plan will document the content and estimated resources/cost for authorized work projected to be performed in the subsequent fiscal year. Projected work content will be jointly developed by the Government and the Contractor and approved by the Government. The workplan will be the basis of the initial BCWS and EAC provided in the Performance Management Review (PMR).

8b. CONTENT: For the purposes of this DRD, the Work Plan is defined as the summary of all tasks projected to be worked during the FY. There is to be one work plan per NASA CAM with work and resources defined at the lowest level WBS, consistent with the agreed to cost reporting structure.

For each task or function defined in the work plan:

(a) Describe the work to be performed at the 3rd level WBS level including:
   a. Task Description
   b. SOW associated with the task
   c. Groundrules and assumptions
   d. Parameters for performance describing limitations of performance scope (as negotiated in contract),
   e. Summary of required resources (i.e. EPs, materials, ODC)
   f. Products delivered including DRDs and/or major milestones or events

(b) Provide a high level schedule of the work including flight, project and non-flight specific deliveries and milestones.
(c) Identify monthly spread of resource requirements by element of cost at the 3rd level WBS and at the NASA CAM level.

8c. FORMAT: Contractor format

9. **OPR:** OA/COTR

10. **SUBMISSION:** Initial: two weeks prior to GFY12. Annual Updates: NLT 1 month prior to GFY start for the remainder of the period of performance following GFY12.

11. **MAINTENANCE:** All deliverables shall be maintained electronically. Government approved adjustments to individual Work Packages as a result of added or deleted or modified tasks shall be maintained in the monthly PMR. The current Work Plan shall be available as a "read-only" file.

12. **COPIES/DISTRIBUTION**: 1 copy distributed to each of the following:
(a) BG/Contracting Officer
(b) NASA CAM, their responsible work only
(c) OA/COTR, entire contract
(d) Program-authorized electronic repository (EDMS or equivalent)

13. **REMARKS:**

	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
X	d. OTHER (Specify type of modification and authority) Contract Clause I.1; 52.243-2 Changes – Cost-Reimbursement (AUG 1987) Alternate II (APR 1984)

E. IMPORTANT: Contractor ☐ is not, ☒ is required to sign this document and return 1 copies to the issuing office.

14. description of amendment/modification (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this modification is to incorporate the Data Requirements Description (DRD) C-PC-06, Small Business Subcontracting Plan and Reports, and update C-PM-02, Integrated Management Review Products, in Attachment J-8, Data RequirementsList (DRL) and Data Requirements Description (DRD), update Section B, Clause B.4, Contract Funding, Section J, Attachment J-7, Applicable and Reference Documents, and Section H, Clause H.3 and H.16 as a no cost change to the contract.

(See Continuation Pages)

15A. NAME AND TITLE OF SIGNER (Type or print)		16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)	
Dan Wegner, Contracts Administrator		Eric J. Schell, Contracting Officer	
15B. CONTRACTOR/OFFEROR (Signature of person authorized to sign)	15C. DATE SIGNED 01 JUNE 2011	16B. UNITED STATES OF AMERICA BY (Signature of Contracting Officer)	16C. DATE SIGNED 6/1/11

A. The purpose of this modification is to incorporate the Data Requirements Description (DRD) C-PC-06, Small Business Subcontracting Plan and Reports, and update C-PM-02, Integrated Management Review Products, in Attachment J-8, Data RequirementsList (DRL) and Data Requirements Description (DRD), update Section B, Clause B.4, Contract Funding,Section J, Attachment J-7, Applicable and Reference Documents, and Section H, Clause H.3 and H.16 as a no cost change to the contract.

1. **Section B, Clause B.4, NFS 1852.232-81 Contract Funding (Jun 1990),** is hereby revised to reflect the increase due to the moving of Firm Fixed Price Phase-In scope into the cost plus portion as the Firm Fixed Price Phase-In was fully funded. The contract funding increased from [redacted] (b) (4) [redacted] As a result of this change, replacement page B-3 of the modified conformed contract is attached as page 3 of this modification.
2. **Attachment J-7, Applicable and Reference Documents,** is hereby revised to reflect applicable documents cited in the Statement of Work (SOW) and not shown in the applicable and reference document listing. As a result of this change, replacement pages J-A7-7 and J-A7-8 of the modified conformed contract are attached as pages 4 and 5 of this modification.
3. **Attachment J-8, Data Requirements List (DRL) and Data Requirements Deliverables (DRDs),** is hereby revised to reflect the addition of DRD C-PC-06, Small Business Subcontracting Plan and Reports, to the contract. Updated C-PM-02, Integrated Management Review Product, to include an additional monthly reporting product. The table of contents is updated to reflect the addition of this DRD. As a result of this change, replacement pages J-A8-2, J-A8-3, J-A8-67, J-A8-68, J-A8-71 and J-A8-72 of the modified conformed contract are attached as pages 6 through 11 of this modification.
4. **Section H, Clause H.3, NFS 1852.216-80 Task Ordering Procedure (Oct 1996),** is hereby modified to reflect the change of "calendar days" to "working days" to submit a task plan per the Contracting Officer's request. As a result of this change, replacement page H-3 of the modified conformed contract is attached as page 12 of this modification.
5. **Section H.16, Clause for Contract Changes and IDIQ Task Orders** is hereby modified to increase the underlimit threshold from $650,000 by $50,000 to $700,000. As a result of this change, replacement page H-19 of the modified conformed contract is attached as page 13 of this modification.

B. This modification constitutes full and complete equitable adjustment for the changes set forth herein. In consideration of this agreed to modification, the Contractor hereby releases the Government from any and all liability under this contract for further equitable adjustment attributable to such facts or circumstances giving rise to these changes.

B.4 NFS 1852.232-81 CONTRACT FUNDING (JUN 1990)

(a) For purposes of payment of cost, exclusive of fee, in accordance with the Limitation of Funds clause, the total amount allotted by the Government to this contract is (b) (4) This allotment is for cargo mission services and covers the following estimated period of performance: January 1, 2011 through June 24, 2011.

(b) An additional amount of (b) (4) is obligated under this contract for payment of fee.

(End of clause)

B.5 FUNDING FOR FIXED-PRICE ITEMS PHASE-IN

Fixed-Price (FP) Milestone Payments for Phase-In exist under a FP arrangement in this contract and therefore must be fully funded. FP Milestone Payments for Phase-In is fully funded at the time of contract award. Funds obligated under this clause are separate and distinct from those allotted under Clause B.3

The FP amount obligated and available for FP Milestone Payment for Phase-In is (b) (4)

The TOTAL FP amount obligated and available is (b) (4)

(End of clause)

B.6 INDEFINITE DELIVERY/INDEFINITE QUANTITY (IDIQ) ORDERS

The Government may order Indefinite Delivery/Indefinite Quantity (IDIQ) work at any time after contract start in accordance with the procedures set forth in Clause H.3 and SOW section 5.0 of this contract. The contractor shall provide engineering and technical skills in support of Government-led studies, analyses, and unforeseen hardware requirements such as hardware builds and modifications. The tasks may be dynamic in nature and may be performed in a teaming arrangement with the Government or other contractors.

IDIQ work will be ordered by the Government on a cost-reimbursement basis. The Government will issue a cost-reimbursement task order authorizing the contractor to perform all effort, or, alternatively, to define the overall requirements, performance standards, and specifications associated with the work. The Government will utilize the defined requirements, performance standards, and specifications delivered by the contractor to request a proposal for completion of the work. The negotiated proposal will form the basis for the Government to issue a cost reimbursement task order for this work.

To the extent that data required to be furnished by other provisions of this contract are also identified and described in a DRL or DRD, compliance with the DRL or DRD shall be accepted as compliance with such other provisions.
Nothing contained in this DRL provision shall relieve the contractor from furnishing data not identified and described in the DRL attachment but called for by, or under the authority of, other provisions or as specified elsewhere in this contract. Except as otherwise provided in this contract, the cost of data to be furnished in response to the DRL attached to this contract or data to be delivered under the authority of other sections (clauses/statement of work) are included in the price of this contract.

Subject to the Rights in Data clause, this Data Requirements List (DRL)/Data Requirements Description (DRD) sets forth the data requirements in each DRD and shall govern that data required by the DRL/DRD for this contract. The contractor shall furnish data defined by the DRDs listed on the DRL by category of data. Such data shall be prepared, maintained, and delivered to NASA in accordance with the requirements set forth within this DRL/DRD. In cases where data requirements are covered by a Federal Acquisition Regulation (FAR) or NASA FAR Supplement (NFS) regulation or clause, the regulation will take precedence over the DPD, per FAR 52.215.33. NASA-Owned/Contractor-Held records shall be managed by the Contractor in accordance with Title 36 of the code of Federal Regulations, Chapter XII B, Records Management, and NPD 1440.6, NASA Records Management Program. The records shall be organized in accordance with the instructions in NPR 1441.1, NASA Records Retention Schedules, as applicable. The contractor shall disposition records and non-records in accordance with NPR 1441.1, NASA Records Retention Schedules, which has been approved by NASA and the National Archives and Records Administration (NARA). All questions on records management issues shall be directed through the Contracting Officer to the ISS Technical Records Liaison Officer.
Documents included as applicable documents in this DRL/DRD are the issue specified in the Statement of Work, and form a part of the DRL/DRD to the extent specified herein. References to documents other than applicable documents in the data requirements of this DRL/DRD may sometimes be utilized. These do not constitute a contractual obligation on the contractor. They are to be used only as a possible example or to provide related information to assist the contractor in developing a response to that particular data requirement.

DESCRIPTION
This document identifies and defines the requirements and data types for information and data required under this contract.
The DRDs define, by an individual DR, the information and data required for each deliverable document.
The data types are used to identify the approval and control required for each DR. The DRL is an index of all the DRs by category.
Documentation submitted pursuant to this clause may incorporate references to other current approved documentation, provided the references are adequate and include such identification

DATA REQUIREMENTS DESCRIPTION
(Based on JSC-STD-123)

1a. DRD Title:	2. Date of Current Version	3a. DRD No.	3b. RFP/Contract No.
Small Business Subcontracting Plan and Reports 1b. Data Type: Plan - 1 Report - 2	Modification 5	C-PC-06	NNJ10GA35C

6. Use (Define need for, intended use of, and/or anticipated results of data)	5. DRD Category
To describe the Contracator's planned approach to Small Business Subcontracting and their reporting against this plan.	PC

6. References (SOW, Clause, etc.)	7. Interrelationships (e.g., with other DRDs)
a. FAR 19.702, Statutory requirements b. FAR 52.219-8, Utilization of Small Business Concerns c. FAR 52.219-9, Small Business Subcontracting Plan d. NFS 1852.219-75, Small Business Subcontracting Reporting	Section H, H.7 and H.12 Section J, Attachment J-6

8. **PREPARATION INFORMATION:** The contractor shall prepare the data delivery as follows:

8a. **SCOPE:** The Small Business Subcontracting Plan shall be in compliance with FAR 52.219-9. The Small Business Subcontracting Reporting shall be in compliance with NFS 1852.219-75.

8b. **CONTENT:** The Subcontracting plan must include the approach that the Contractor intends to use in meeting the subcontracting goals. Subcontractors whose bid is part of this proposal should be identified. For each subcontractor, the percentage of the proposal and any small or small business subcategory classification should be identified. For areas of potential future subcontracting, the Contractor should identify the area of work, the percentage of contract that this is expected to encompass, potential subcontractors and their small business or small business subcategory classification. Describe the management approach to subcontracting with small, small disadvantaged 8(a), Women-owned, HUBZoned, Veteran owned, and Service disabled veteran owned companies and HBCU/MIs.

8c. **FORMAT:** Contractor format is acceptable for the plan; reporting shall be in compliance with NFS 1852.219-75.

9. **OPR:** BG/Contracting Officer

10. **SUBMISSION:**

i. Subcontracting Plan:

1. Initial – Due with proposal.

2. Approval – Prior to contract award.
3. Frequency – Subcontracting Plan to be updated in accordance with FAR 19.702.

ii. Reports:
1. All reports shall be submitted in accordance with FAR 52.219-9 and NFS 1852.219-75.
2. In lieu of submitting a paper copy of the SF 294 and SF 295 Subcontracting Report for Individual Contracts. The contractor shall submit semi-annually and at contract completion to the NASA/JSC Contracting Officer electronically version of this data.
3. Contractors are required to submit subcontracting data in the Electronic Subcontracting Reporting System (eSRS) which has replaced the paper Standard Form 294 and SF 295 Summary Subcontracting Reports.
4. All contractors are required to register and file both types of subcontracting reports using the eSRS system. The website to register is www.esrs.gov.

11. **MAINTENANCE:** Revisions shall be incorporated by change page or complete reissue.

12. **COPIES/DISTRIBUTION**: 1 copy distributed to each of the following:
(a) BG/Contracting Officer
(b) Program-authorized electronic repository (EDMS or equivalent)

13. **REMARKS:**

DATA REQUIREMENTS DESCRIPTION
(Based on JSC-STD-123)

1a. DRD Title:	2. Date of Current Version	3a. DRD No.	3b. RFP/Contract No.
Integrated Management Review Product (IMRP) 1b. Data Type: 3	Modificastion 5	C-PM-02	NNJ10GA35C

4. Use (Define need for, intended use of, and/or anticipated results of data)	5. DRD Category
These products support the quarterly management reviews of costs, schedule, and technical performance. The format provides a standardized approach for review materials.	Administrative

6. References (SOW, Clause, etc.)	7. Interrelationships (e.g., with other DRDs)
SOW 1.1.1 NPR 7120.5 NPR 9501.2	All PC and PM DRDs

8. PREPARATION INFORMATION: The contractor shall prepare the data delivery as follows:

8a. SCOPE: This DRD must be reconcilable to DRD C-PC-01. These data packages document the integrated management reviews of the cost, schedule, and technical performance on the contract. The package supports the quarterly management review of cost, schedule, and technical performance; however the contract shall provide monthly integrated management review products to the Government. These review packages shall document the level of success in the execution of contract requirements and the status of the contractor's achievement against the performance standards contained within this statement of work or elsewhere in this contract. Packages presented for program review, including insight into the contractor's, subcontractors', and vendors' overall technical, schedule, and cost performance and status metrics and management responsiveness to the performance indicated by the metrics.

8b. CONTENT: The presentations shall depict award fee period metrics, performance measurements, accomplishments, issues, corrective actions, and contract financial status including rates and other data necessary to demonstrate performance levels. The cost baseline is the Performance Measurement Baseline (PMB). The format provides a standardized approach for review materials.

The package includes:
Program Overview and Component Sections (by organization):

- Cost and Schedule performance (monthly, government fiscal year (GFY), and cum to date). Includes forcasts and variance explanations.
- Baseline comparison trace (original contract value, negotiated changes, authorized unpriced work, and pending changes.
- GFY contract headcount plan and actuals by Cost Account Manager (CAM). Note: Included in summary package only.
- Highlights and accomplishments.
- Issues/risks
- Status on Award Fee Corrective Action Plans (CAPs).

- Metrics
- Status on action Items
- Undistributed budget
- Management reserves

8c. **FORMAT:** Specific formatting to be tailored by LO/contractor

9. **OPR:** OH

10. **FIRST SUBMISSION DATE:** The first Monthly review shall be within 20 working days after the initial financial month end. All subsequent Monthly reviews shall be within 25 working days after the contractor's accounting month end.
Frequency Of Submission: Monthly

Additional Submissions:

11. **MAINTENANCE:** Changes shall be incorporated as required by change page or complete reissue.

12. **COPIES/DISTRIBUTION:** 1 e-copy to Program Repository via EDMS workflow.

13. **REMARKS:**

(c) Within 10 working days after receipt of the Contracting Officer's request, the contractor shall submit a task plan conforming to the request.

(d) After review and any necessary discussions, the Contracting Officer may issue a task order to the contractor containing, as a minimum, the following:

(1) Date of the order.

(2) Contract number and order number.

(3) Functional description of the work identifying the objectives or results desired from the task order, including special instructions or other information necessary for performance of the task.

(4) Performance standards, and where appropriate, quality assurance standards.

(5) Maximum dollar amount authorized (cost and fee or price). This includes allocation of award fee among award fee periods, if applicable.

(6) Any other resources (travel, materials, equipment, facilities, etc.) authorized.

(7) Delivery/performance schedule including start and end dates.

(8) If contract funding is by individual task order, accounting and appropriation data.

(e) The contractor shall provide acknowledgment of receipt to the Contracting Officer within 3 working days after receipt of the task order.

(f) If time constraints do not permit issuance of a fully defined task order in accordance with the procedures described in paragraphs (a) through (d), a task order which includes a ceiling price may be issued.

(g) The Contracting Officer may amend tasks in the same manner in which they were issued.

(h) In the event of a conflict between the requirements of the task order and the contractor's approved task plan, the task order shall prevail.

(i) Contractor shall submit monthly task order progress reports. As a minimum, the reports shall contain the following information:

(1) Contract number, task order number, and date of the order.

not be added to any other change nor shall any change be split into sub elements. The parties recognize that several changes may be grouped together in a bilateral contract modification for administrative purposes. Further, the parties agree that a Task Order will not be used pursuant to clause B.6, IDIQ Ordering Procedures, unless the value of said Task Order exceeds $700,000.

2. This clause applies to all contract changes authorized and issued pursuant to clause 52.243-2 Changes-Cost Reimbursement and all orders issued under B.6 IDIQ Orders and shall continue to apply to all such changes issued and authorized from April 1, 2011 through March 31, 2012.

3. The UL pool for the first contract year, April 1, 2011 through March 31, 2012, is [redacted] (b) (4)

4. Establishing the Annual Underlimit (UL) Pool:
   a. The annual UL pool is based on the preceding year's definitized UL changes, from February 1 through January 31.
   b. The contractor shall submit the UL proposal by the third Friday of February each year.
   c. The contractor shall submit a proposal outlining the work description, period of performance, and cost by labor, travel, materials, indirect, overhead, G&A, fee, and the total cost.
   d. UL modifications will be issued for all UL changes under $700,000; therefore, no TO's or NTEs will be needed for UL contract modifications.

15B. CONTRACTOR/OFFEROR _____ *(Signature of person authorized to sign)*	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA BY *(Signature of Contracting Officer)*	16C. DATE SIGNED 7/14/11

B.4 NFS 1852.232-81 CONTRACT FUNDING (JUN 1990)

(a) For purposes of payment of cost, exclusive of fee, in accordance with the Limitation of Funds clause, the total amount allotted by the Government to this contract is (b) (4) This allotment is for cargo mission services and covers the following estimated period of performance: January 1, 2011 through December 2, 2011.

(b) An additional amount of (b) (4) is obligated under this contract for payment of fee.

(End of clause)

B.5 FUNDING FOR FIXED-PRICE ITEMS PHASE-IN

Fixed-Price (FP) Milestone Payments for Phase-In exist under a FP arrangement in this contract and therefore must be fully funded. FP Milestone Payments for Phase-In is fully funded at the time of contract award. Funds obligated under this clause are separate and distinct from those allotted under Clause B.3

The FP amount obligated and available for FP Milestone Payment for Phase-In is (b) (4)

The TOTAL FP amount obligated and available is (b) (4)

(End of clause)

B.6 INDEFINITE DELIVERY/INDEFINITE QUANTITY (IDIQ) ORDERS

The Government may order Indefinite Delivery/Indefinite Quantity (IDIQ) work at any time after contract start in accordance with the procedures set forth in Clause H.3 and SOW section 5.0 of this contract. The contractor shall provide engineering and technical skills in support of Government-led studies, analyses, and unforeseen hardware requirements such as hardware builds and modifications. The tasks may be dynamic in nature and may be performed in a teaming arrangement with the Government or other contractors.

IDIQ work will be ordered by the Government on a cost-reimbursement basis. The Government will issue a cost-reimbursement task order authorizing the contractor to perform all effort, or, alternatively, to define the overall requirements, performance standards, and specifications associated with the work. The Government will utilize the defined requirements, performance standards, and specifications delivered by the contractor to request a proposal for completion of the work. The negotiated proposal will form the basis for the Government to issue a cost reimbursement task order for this work.

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.(x)

	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
X	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF: Contract Clause H.16, Special Clause for Contract Changes and IDIQ Task Orders
	d. OTHER *(Specify type of modification and authority)*

E. IMPORTANT: Contractor ☐ is not, ☒ is required to sign this document and return 1 copies to the issuing office.

14. description of amendment/modification *(Organized by UCF section headings, including solicitation/contract subject matter where feasible.)*

The purpose of this Supplemental Agreement is to definitize Space Station Change Notices (SSCNs) 12386, 12464, and 12926. The contractor shall be authorized to add RFID hardware and label material to Attachment J-11 and downgrade complement of laptop hardware. There is no change to the contract value.

(See Continuation Pages)

15A. NAME AND TITLE OF SIGNER *(Type or print)*		16A. NAME AND TITLE OF CONTRACTING OFFICER *(Type or print)*	
Dan Wegner, Contracts Administrator		Kendrea D. Vallien, Contracting Officer	
15B. CONTRACTOR/OFFEROR *(Signature of person authorized to sign)*	15C. DATE SIGNED 10.5.2011	16B. UNITED STATES OF AMERICA BY Kendrea D. Vallien *(Signature of Contracting Officer)*	16C. DATE SIGNED 10.11.2011

A. The purpose of this Supplemental Agreement is to definitize the underlimit contract changes in accordance with Clause H.16 - Special Clause for Contract Changes and IDIQ Task Orders as follows:

B. **Attachment J-11 – Deliverable Items List** is hereby updated in its entirity to track all deliverable items. As a result of this change, pages J-A11-1 to J-A11-615 are hereby attached as pages 3 - 617 of this modification.

C. This modification constitutes full and complete equitable adjustment for the changes set forth herein. In consideration of this agreed to modification, the Contractor hereby releases the Government from any and all liability under this contract for further equitable adjustment attributable to such facts or circumstances giving rise to these changes.

ATTACHMENT J-11

Government Furnished Property
