Directions to the Kennedy Space Center Press Accreditation Building on SR 3

Physical Address – 7110 N. Courtenay Parkway, Merritt Island, FL 32953

From Orlando International Airport:

The Kennedy Space Center (KSC) is located approximately 45 miles east of the Orlando International Airport. When exiting the airport, take the north exit and follow the signs to State Road (SR) 528 (Beachline Expressway) east to the Kennedy Space Center. After approximately 25 miles, there will be a fork in the road. Bear to the ***right*** and stay on SR528 going toward Cape Canaveral/Cocoa/Merritt Island. ***Do not*** bear to the left onto SR 407 even though the sign says Kennedy Space Center. Stay on SR 528 for another 12 miles. Take the SR 3 exit, turning left at the light and going under the overpass. Proceed about 6.4 miles and you will see the one-story building called "Press Accreditation" on the right just past the Air Liquide plant. Look for the door marked "NASA Social Registration."

From Cocoa Beach Area:

Take A1A north towards Cape Canaveral. After A1A turns into SR 528 (Beachline Expressway), you will ***pass*** the Gate 1 entrance to Kennedy Space Center and Cape Canaveral Air Force Station (where the cruise ships are). Do not take this exit but continue on SR 528 going west passing over the Banana River and Sykes Creek bridges until you get to the SR 3/Merritt Island exit. Take a right onto SR 3 and after approximately 6.4 miles you will see the one-story building called "Press Accreditation" on the right just past the Air Liquide plant.
