

Directions to NASA Glenn Research Center at Plum Brook Station

★ From Airport:

- Leave airport and drive to light at intersection of Route 237. Turn left (north) on Route 237 and immediately drift to right.
- Look for sign "I-480 to Brookpark Road" and take exit ramp to light at Brookpark Road.
- Turn left (west) onto Brookpark Road and proceed to Grayton Road and follow directions in step 1.

★ From Auto Rental:

- Leave auto rental and turn right (south) onto Route 237.
- Go to light and turn right (west) onto Brookpark Road.
- Proceed on Brookpark Road to Grayton Road. Turn right (north) on Grayton and follow directions in step 1.

★ From Glenn Research Center at Lewis Field:

- Leave Lewis Field and turn east on Brookpark Road.
- Proceed on Brookpark Road to Grayton Road.
- Turn left (north) onto Grayton Road and follow directions in step 1.

Steps:

- From Grayton Road, follow signs "I-480 to Toledo." Turn left (west) to I-480 entrance.
- After approximately 8 miles, I-480 will exit at the turnpike (I-80). Enter turnpike exit 151 and drive west towards Toledo to exit 118.
- After approximately 33 miles, get off turnpike at exit 118 (Sandusky/Norwalk exit) and turn right (north) on Route 250 towards Sandusky.
- Travel north on Route 250 about 5 miles to the light at Bogart Road and turn left (west) on Bogart. After 100 yards, turn left (south) on Botay Road at the NASA sign. Bear right on Taylor Road and drive to the Plum Brook Station main gate and turn left.
- Approximate driving time from Cleveland to Plum Brook is 1 hour.

There is no public access to Plum Brook Station unless there is an advertised public event. Official visitors will only be received by appointment subject to security screening.
