

Charley Hotline lets NASA family help storm victims

Boeing Delta IV rocket arrives for December launch

“We are dedicated to the core values of Safety, The NASA Family, Excellence, and Integrity. We aspire to achieve these in everything we do. We are bound together through challenging and rewarding endeavors. We respect each other, trust each other, support each other, mourn together, celebrate together, and dream together. Together, we will work our way through this current challenge. Please use our hotline, and we will do all that is within our power to help. We care.”

--Jim Kennedy, Center Director

▲ **Charley Hotline at KSC:** To ensure that we do all that we can for victims of Hurricane Charley, the Center has established a hotline (**Charley Assistance Hotline, 867-2469 or 861-0370**) to allow KSC employees in need to seek help from fellow workers. Details have been sent out by e-mail in the “KSC Daily News” and through ExchangeWorld distribution. Recent requests came from *Mike Walter*, who is in need of chainsaws, trailers, fuel and people to help out (You can reach him at 407-365-8117) and *Jerry Cochran*, who is looking for a small crane to remove a tree that fell on his house (You can reach him at 867-4224).

▲ **ELV Update:** A Boeing Delta IV first stage, called a Common Booster Core, was delivered to the Horizontal Integration Facility (see photo at right) at Launch Complex 37 on Cape Canaveral Air Force Station. The rocket will be used for the December launching of the GOES-N weather satellite for NASA and NOAA.

The GOES-N is the first in a series of three advanced weather satellites including GOES-O and GOES-P. This satellite will provide continuous monitoring necessary for intensive data analysis. It will provide a constant vigil for the atmospheric “triggers” of severe weather conditions such as tornadoes, flash floods, hail storms and hurricanes. When these conditions develop, GOES-N will be able to monitor storm development and track their movements.

■ **Last Call for Award Nominations** — The 2004 KSC Bi-Annual Environmental & Energy Committee invites you to nominate an individual

or team for their contributions and/or successful operations in preserving the environment, conserving energy, and reserving natural resources while reaching for the stars. **The deadline is Friday.** For nomination forms, please contact Barbara Naylor at 867-8452 or send e-mail to Barbara.A.Naylor@nasa.gov.

■ **Reminder** — The Florida’s Blood Centers’ **big red bus** will be in the courtyard of the Headquarters Building 8 a.m. – 4 p.m. today for a Blood Drive and Bone Marrow Registry. Due to Hurricane Charley, blood supplies are at a critical level. Your donation is urgently needed and appreciated. For an appointment, please e-mail rwilburn@floridasbloodcenters.org or call Ruth at 403-9934. You may also call Stephen Pilkenton at 867-4662 or Kris Calderon at 867-3414 with your questions.

■ **Did You Know?** Massages are available Tuesdays – Fridays in the O&C. Call Valerie Jaramillo at **321-543-1047** for an appointment.
