

TITLE

Incredible Time Machine Exhibit

DESCRIPTION

The Incredible Time Machine Exhibit is designed to introduce the viewer to the mission and accomplishments of the Hubble Space Telescope (HST). The HST has been orbiting the Earth at an altitude of 370 miles since it was launched by the Space Shuttle Discovery in April, 1990. The exhibit will be updated periodically to reflect the current status and exciting discoveries of the HST.

The Incredible Time Machine Exhibit is for indoor display only.

TYPE OF EXHIBIT

Animation:

Videotape

Electrical Requirements:

110 v
