

Demonstration of Autonomous Rendezvous Technology (DART)

Case Study Transcript

**Historical
Implementation Context
B**

First look at the time line spanning 2001 through 2005. First note the blue triangles. ATP in the first quarter of 2001 stands for “Authority to Proceed,” PDR stands for Preliminary Design Review, CDR stands for Critical Design Review, DCR represents Design Certification Review – you see the original launch date in 2004 and finally the launch in 2005.
