

Demonstration of Autonomous Rendezvous Technology (DART)

Case Study Transcript

Exercise Module

Here is your chance to consider the body of information provide in read-ahead documents, video content and briefing charts and place yourself in the role of DART Project Manager. Your job (or the job of your team) is to build a short, three-page PowerPoint briefing for senior management outlining your risk management / project management approach going forward. You should be prepared to defend your recommendations and rationale.
