

Student Launch Initiative

Launch Activities Information

The NASA Student Launch Initiative (SLI) has selected 18 teams from across the country to participate this year.

The NASA Student Launch Initiative project gives teams of students the opportunity to design, build, and fly a rocket with a scientific payload to 1 mile in altitude. These teams of students work directly with NASA engineers to learn more about the engineering process, specifically systems engineering.

This year's launch activities will be held April 23-26 with travel dates on the 23rd and 27th at NASA Marshall Space Flight Center in Huntsville, AL.

We will have a block of rooms available at the Holiday Inn Downtown under the name "Student Launch Initiative: Group Code: GSL". If you choose this hotel, **please be sure to make reservations before March 1, 2008**. The hotel will release all rooms after this date.

HOLIDAY INN DOWNTOWN
401 WILLIAMS AVENUE
HUNTSVILLE, AL 35801 UNITED STATES
Hotel Front Desk: 1-256-5331400 | Hotel Fax: 1-256-5347787
