

NASA Discusses Broad Agency Announcement for Lunar Surface Systems Concept Studies

A Community Engagement for Innovative Approaches

June 6, 2008

Location: U.S. Chamber of Commerce

Agenda

9:00 a.m.	Welcome by USCC – Space Enterprise Council	D. Logsdon
9:05 a.m.	Opening Remarks, NASA ESMD	G. Yoder
9:30 a.m.	Overview of Lunar Surface Systems	C. Culbert
10:00 a.m.	Overview of BAA Topics	M. Leonard
	Topic 1: Alternative Packaging Options	
	Topic 2: Minimum Functionality Habitat Element	
	Topic 3: Innovative Avionics Architectures & Sparing Strategies	
	Topic 4: Long-Term Lunar Energy Storage System Concepts	
	Topic 5: Alternative Software Architecture Development Approaches	
	Topic 6: Lunar Regolith Moving Methods & Techniques	
11:00 a.m.	Overview of BAA Strategy & Schedule	M. Broadwell
11:15 a.m.	Q & A Panel Session	M. Broadwell
12:00 p.m.	Adjourn	D. Logsdon
