Subject: Your Email of March 13, Recommended Distribution of Stimulus Monies

Mr. Biggs,

As you know, your email to NASA's Acting Administrator, Mr. Christopher Scolese, preceded the publication of the President's March 20 Memorandum for the Heads of Executive Departments and Agencies, "Ensuring Responsible Spending of Recovery Act Funds," in the Federal Register, Volume 74, Number 56 (attached). Section 3 of the Memorandum, Ensuring Transparency of Registered Lobbyist Communications, requires that "All written communications from a registered lobbyist concerning the commitment, obligation, or expenditure of funds under the Recovery Act ... be posted publicly by the receiving agency .. on its recovery website" In the spirit of openness and transparency, the Agency is willing to post your email to its recovery website (<http://www.nasa.gov/recovery/>); however, due to the date of your email and the effective date of the Memorandum, the Agency is seeking your approval to do so. Therefore, please let me know whether or not you agree to the posting of your email. Thank you.
