

Ares I-X Knowledge Sharing Forum

NASA employees are invited to join Jon Cowart, Marshall Smith and Chris Calfee from the Ares I-X Team in a 90 minute presentation / discussion of the Ares I-X Flight Demonstration Test Lessons Learned

This briefing will be at the ITAR-Level:
U.S. Citizens ONLY.

Date: Tuesday 09 November 2010

Time: 0900-1030

Location: NASA Headquarters 9H40

POC: David Lengyel, Ext. 202-358-0391

A photograph of the Ares I-X rocket during its ascent. The rocket is white with black markings and is angled upwards against a dark blue sky. A large, bright orange and yellow plume of fire and smoke is visible at the base of the rocket, indicating the point of launch. The rocket's nose cone is at the top, and the main body extends downwards.
