Wendy and Scott,

According to NPR 8580.1, Implementing the National Environmental Policy Act and Executive Order 12114, certain classes of categorically excluded actions do not require the preparation of a Preliminary Environmental Survey or a Record of Environmental Consideration based on the review of the SSC Environmental Officer. This project for internal modifications to the North Gate Reception Center Restroom to comply with ADA requirements fits the categorical exclusion in NPR 8580.1, Section 4.5.1 (k), Internal modifications or equipment additions to small structures or buildings.

This email may be used as evidence that the requirements of the National Environmental Policy Act have been fulfilled.

Thanks,

Carolyn Kennedy
