Regulatory Tracking Summary

21 September 2012

This report summarizes regulatory items reviewed by the NASA RRAC PC and includes items with direct applicability to NASA facilities and operations, as well as items of general interest. Notes and comments by the RRAC PC are shown in bold, blue text under "Description." Related documents and citations, such as "77 FR 51967," are linked to the appropriate document for quick access. Suggested follow-up actions are noted with significant items; users are advised that other follow-up actions may be appropriate for their program or facility. Previous issues of this regulatory summary and other materials are archived on the RRAC PC website at <http://www.nasa.gov/offices/rrac/home/>.

Comments, questions, suggestions, and requests for further information should be directed to the RRAC PC Manager, Sharon Scroggins at 256-544-7932 (sharon.scroggins@nasa.gov).

2.2.1 California Desert Air Working Group Conference

The California Desert Air Working Group has scheduled its annual conference for 07 through 08 November 2012 in La Quinta, California. Speakers will provide an update regarding pertinent air quality issues that affect the desert. This conference focuses on topics such as the following:

- Agency regulatory updates
- AB32 implementation
- GHG permitting
- Enforcement issues at federal facilities
- Wastewater treatment

More information and [registration details](#) are available on the [website](#).

2.2.2 San Francisco Bay Delta Action Plan

On 28 August 2012, EPA announced the [release](#) of the [San Francisco Bay Delta Action Plan](#). The purpose of the action plan is to address toxins and stressors that affect fish populations through the following priority action items:

- Implement a selenium discharge standard by 2013
- Achieve organophosphate pesticide water quality goals in Sacramento County urban streams by 2013
- Set new estuarine habitat standards by 2014
- Establish a water quality monitoring program for the Delta by 2017
- Improve EPA's pesticide regulation program

- Restore and rebuild wetlands
- Support the Bay Delta Conservation Plan

More information is available on the EPA [website](#).
