## Wallops Combined Federal Campaign Ends November 13

NASA has the reputation as one of the best places in the federal government to work. Part of what makes this such a great place to work is the people who work here. Our employees exhibit a commitment to making this a better world. That passion also is reflected in the response to those in need and the generous contributions we make annually to the Combined Federal Campaign (CFC). Through charitable gifts to the CFC we can offer hope and extend help to a diverse community of charities in the local area, across the nation, and around the world.

A CFC keyworker in your organization will soon provide you with a Catalog of Caring that contains a detailed listing of all qualified charities and a pledge card.

The catalog and pledge card also are available electronically on WebTADS and on the CFC Web site (<http://www.cfccmd.org>).

These web sites are keyword searchable, making it easy to choose which charities to support.

Participation in the CFC is voluntary. For further information contact the NASA WFF chairperson, Jeff Reddish, at x2100.

I would like to extend my thanks to Dr. Annette Rayfiel, Wallops Health Unit, and Wallops Fire Department EMTs Brian Daffin, Eric Schleif, and Pam Taylor who were wonderful help when they were called to take me to the hospital on October 14. I'm glad that we have the help available here to respond so quickly in emergency situations. Keep up the good work!

Thank you so much.  
Melody Lewis, HTSI
