Directions To Dryden Aircraft Operations Facility

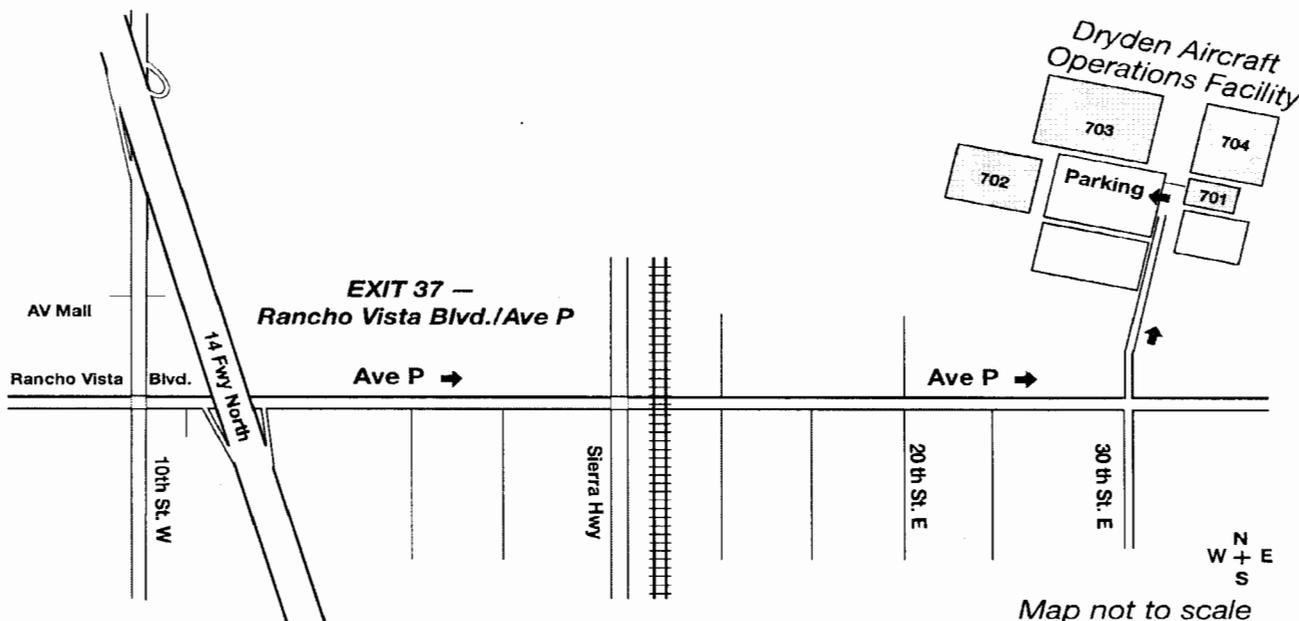

FROM LOS ANGELES: Interstate highways 405 (San Diego Freeway) or 5 (Golden State Freeway) to state highway 14 (Antelope Valley Freeway) to Palmdale. Turn off at the Rancho Vista Boulevard (Avenue P) exit, turn east (right). Proceed east on Rancho Vista Boulevard approximately four miles to 30th Street East. Turn left onto the entrance road and proceed about a half-mile into the complex, turn left into the parking lot for the Dryden Aircraft Operations Facility (Bldg. 703). The main entrance is roughly at the mid-point on the south side of the building, just behind the visitor control station.

FROM RENO/BISHOP: Highway 395 to Highway 14 to Palmdale, follow directions as above. Travel time is about three hours from Bishop, eight hours from Reno.

FROM PALMDALE/LANCASTER: Highway 14 (Antelope Valley Freeway) or Sierra Highway to Rancho Vista Boulevard (Avenue P), follow directions as above.

FROM SAN FRANCISCO/SACRAMENTO/FRESNO/BAKERSFIELD: Interstate 5 or Highway 99 to Bakersfield, then take Highway 58 east to Mojave exit, turn south on Highway 14 to Palmdale, exit at Rancho Vista Boulevard, follow directions as above. Travel time is about two hours from Bakersfield, four hours from Fresno, seven hours from San Francisco/Sacramento.

VISITOR ACCESS: After parking, please proceed to the visitor control station on the north edge of the parking lot to meet your escort and obtain your visitor's badge.

Map above shows directions from the Highway 14 - Rancho Vista Boulevard exit in Palmdale to the NASA Dryden Aircraft Operations Facility.
