Subject: NASA WSTF Groundwater Monitoring Plan Update for 2014 – Extension Request

The NASA White Sands Test Facility (WSTF) Hazardous Waste Permit No. NM8800019434, Section VI.B.3 requires the submittal of an updated facility-wide Groundwater Monitoring Plan annually beginning in April 2012. Although the Permit specifies a due date of April 1 beginning in the second year after the anniversary date of the Permit, the initial Groundwater Monitoring Plan, which was approved by NMED, specifies that annual updates will be submitted on or before April 30. Due to the illness of key contractor personnel, NASA respectfully requests an extension of the GMP deadline to May 16, 2014.

If you have any questions regarding this matter, please contact Mike Zigmond of my staff at (575) 524-5484.
