

## PROGRAM OVERVIEW

**The application period for the 2018 NASA Glenn Faculty Fellowship Program (NGFFP) opens on Wednesday, October 25, 2017 and closes at 11:59 PM (EST) on Tuesday, January 16, 2018.**

### Fellowship Description

The ten-week 2018 NASA Glenn Faculty Fellowship Program (NGFFP) is a residential research program which is open to full-time STEM faculty members who are U.S. citizens teaching at accredited U.S. universities and colleges. The NGFFP will be offered at NASA Glenn Research Center (GRC) in Cleveland, Ohio, from Monday, June 4, through Friday, August 10, 2018. Proposed faculty work must be aligned with one or multiple of the six GRC Core Competencies and/or cross-cutting engineering discipline(s) for meeting the Center commitments to advance NASA mission.

The NGFFP seeks to mutually benefit GRC and the faculty participant by:

- Enhancing faculty professional knowledge through their engagement in relevant and cutting-edge research at GRC;
- Stimulating exchange of ideas among faculty and GRC researchers and engineers;
- Enriching and refreshing the research and instruction at U.S. academic institutions by infusing NASA mission-related research and technology content into classroom teaching; and
- Contributing to in-house research, technology and engineering work packages and objectives of GRC, in support of NASA's mission.

### About NASA Glenn Research Center

NASA GRC offers a unique blend of aeronautics and space research, technology development, and space flight experience. The Center's competencies and world-class research and technology advancements encompass space flight systems development; in-space propulsion systems and cryogenic fluids management; power, energy storage and conversion; air-breathing propulsion; physical science and biomedical technologies in space; materials and structures for extreme environments; and communications technology and development. The main campus of GRC is adjacent to the Cleveland Hopkins International Airport, and contains 140 buildings, 24 major facilities, and more than 500 specialized research and test facilities. A satellite campus of GRC, the 6,400 acre Plum Brook Station is located 50 miles west of Cleveland and offers four large world-class facilities for space technology and capability testing in support of NASA's mission and major programs.

GRC is the lead NASA Center for air-breathing propulsion from subsonic to hypersonic speed, and develops, verifies, and transfers related technologies to U.S. industry. GRC also develops new and innovative turbomachinery technology to improve the reliability and performance, efficiency and affordability, capacity and environmental compatibility of future aeronautical and space propulsion systems. Other GRC primary areas of expertise include a broad array of research, engineering and technology development of aerospace power, space electronics, and launch and exploration vehicles. In addition, the center has experience in space processes and experiments related to combustion and reacting systems, and fluid physics and transport. Other technology development includes advanced renewable wind, solar and coal energy, as well as the testing, evaluation and advancement of wind turbines, fuel cells and photovoltaics.

## AREAS OF INTEREST

Research, engineering and technology engagements include the following NASA mission-related areas of interest grouped under **GRC's six Core Competencies** and their subheadings:

### Air-Breathing Propulsion

- Aviation safety improvements
- Growth of ice on aircraft
- Engine Combustion
- Acoustics
- Turbomachinery & Turboelectric Systems
- Computational Fluid Dynamics (CFD)
- Propulsion System Aerodynamics
- Multidisciplinary Design, Optimization, Modeling and Simulation

### Communications Technology and Development

- Advanced Microwave Communications
- Networks, Architectures & Systems Integration
- Information and Signal Processing Technologies
- Optical Communications
- Intelligent Systems – Smart Sensors & Electronic Systems Technologies
- Photonics; Instrumentation-Electronic
- Dynamic System Modeling & Controls

### In-Space Propulsion and Cryogenic Fluids Management

- Electric (Ion) Propulsion Systems
- Chemical Propulsion Systems

### Physical Sciences & Biomedical Technologies in Space

- Microgravity Fluid Physics & Transport
- Combustion Physics and Reacting Processes
- Bioengineering

### Power, Energy Storage and Conversion

- Power Architecture, Generation, Distribution, Storage and Management
- Photovoltaic & Electrochemical Systems
- Thermal Energy Conversion
- Solid-state Thermoelectric Conversion
- Advanced Energy (Renewable Wind and Solar, Coal Energy and Alternative Energy)

### Materials and Structures for Extreme Environments

- High Temperature Materials (Ceramic Matrix Components, Thermal Protection Seal)
- Electric Propulsion Materials (High Power Density Electric Motors)
- Lightweight Concepts (Aerogels, Nanomaterials)
- Mechanisms and Drive Systems (Shape Memory Alloy-Based Actuation)
- Flight Structures (Low Impact Docking Seal)
- Computational Modeling

### Cross-Cutting Engineering Disciplines

- Fluid and Cryogenic Systems
- Thermal Systems
- Systems Engineering
- Computer Systems and Networks

## HOW TO APPLY

Additional descriptions on GRC research opportunities for faculty may be accessed at the GRC Office of Education website - <http://www.nasa.gov/centers/glenn/education/> and by visiting the GRC portion of the NASA Postdoctoral Program (NPP) site: <https://npp.usra.edu>.

### Eligibility

Requirements for faculty participation in the NGFFP are:

- U.S. citizenship;
- Tenured or tenure-track, full-time STEM faculty at 4-year accredited U.S. colleges and universities, or full-time STEM faculty at 2-year U.S. academic institutions;
- Qualified male and female faculty from Majority and Minority Serving Institutions, including underrepresented groups and persons with disabilities are encouraged to apply.
- An NGFFP Award is for one summer residency at GRC, with option for a second consecutive year application. Thereafter, former participants may return to the program after, at least, one-year break.

GRC is committed to implementing all Federal laws, regulations and guidelines related to the development of affirmative employment and inclusion of persons with disabilities.

### Requirements for NGFFP Award

Each selected Fellow will be **expected to:**

- **Not** receive remuneration from other organizations or programs, university or government sources during the ten-week on-site Fellowship at GRC;
- Engage in a continuous, full-time summer GRC Fellowship, without concurrent teaching elsewhere;
- Present their research outcome(s) at GRC, at near-end of the Fellowship;
- Disclose to GRC full information on Fellowship-derived, patentable invention(s);
- Submit a final written report on their research, on the last day of the Fellowship;
- Complete a program feedback form, on-site, at the end of the Fellowship.

### Application

Fellowships are awarded to STEM faculty with specific interests and experiences compatible with available opportunities within GRC host organizations. Such opportunities are typically consistent with the technical areas identified on the previous page of this document. An optional, prior discussion with a potential GRC host organization can be helpful in determining a match between an applicant's desired area(s) of Fellowship and the needs of the organization.

Extensions beyond the official 10-week Fellowship period may be granted, if deemed mutually beneficial and when funding is available. The NGFFP participants are expected to schedule personal vacation time outside the Fellowship period of performance. A supporting hard copy of original version of a signed recommendation letter (RL) from the Dean or Head of applicant's Department at the academic institution must be mailed, under separate cover, to Dr. M. David Kankam at the following address, by the application due date of **January 16, 2018:**

Dr. M. David Kankam / University Affairs Officer-GRC,  
NASA Glenn Research Center, 21000 Brookpark Rd., MS 7-4, Cleveland, OH 44135  
Phone: (216) 433-6143

## HOW TO APPLY (continued)

If desired by the applicant, up to two additional recommendation letters may be similarly mailed. Concurrently, electronic copies of the reference letter(s) must be submitted to: [GRC-NGFFP@mail.nasa.gov](mailto:GRC-NGFFP@mail.nasa.gov), with the subject line that reads: *REF-Applicant LastName-FirstInitial-NGFFP18*

\*\* The remainder of an applicant’s electronic application package, including a completed application form, Statement of Academic Benefit, and curriculum vitae must be submitted to: [GRC-NGFFP@mail.nasa.gov](mailto:GRC-NGFFP@mail.nasa.gov). The applicant is cordially asked to insert the following in the E-mail subject line: *APP-Applicant LastName-FirstInitial-NGFFP18*

**The application period for the 2018 NASA Glenn Faculty Fellowship Program (NGFFP) opens on Wednesday, October 25, 2017 and closes at 11:59 PM (EST) on Tuesday, January 16, 2018.**

### Compensation

The ten-week stipends for Faculty Fellows are:

Assistant Professor	\$15,000
Associate Professor	\$17,000
Full Professor	\$19,000

As guests of GRC, faculty fellows are effectively self-employed for tax purposes. Hence, federal and state taxes will not be withheld from stipend payment. Fellows will be responsible for meeting any federal and state tax obligations.

A relocation allowance of \$1,000.00 will be provided to Fellows whose academic institutions are located more than fifty miles from GRC. Fellows who are provided with relocation allowance will, additionally, receive a round-trip \$500.00 travel allowance.

### Housing

A list of short-term accommodations within the vicinity of GRC will be E-mailed to incoming faculty Fellows not later than Tuesday, April 24, 2018, to assist the faculty in making their housing arrangements. The NGFFP does not provide additional living expenses for program participants.

## APPLICATION FOR SUMMER 2018 FACULTY FELLOWSHIP

Last Name \_\_\_\_\_ First Name \_\_\_\_\_ Middle Initial \_\_\_\_\_

Country of Citizenship: \_\_\_\_\_

Current Institution: \_\_\_\_\_ Current Position & Department: \_\_\_\_\_

Home Address: \_\_\_\_\_

Work Address: \_\_\_\_\_

Telephone: \_\_\_\_\_ Telephone: \_\_\_\_\_

E-mail: \_\_\_\_\_ Fax: \_\_\_\_\_

Highest Academic Degree, Field, Institution: \_\_\_\_\_

Prioritize up to **3** "Areas of Interest" under the GRC Core Competencies (NGFFP 2018 Program Details p2):

- 1) \_\_\_\_\_
- 2) \_\_\_\_\_
- 3) \_\_\_\_\_

**\*\* Include half-page write-up of your projected contribution(s) on each selected Area of Interest.**

Special Field(s) of Knowledge: \_\_\_\_\_

Current Teaching Responsibility: \_\_\_\_\_

Current Research Area(s): \_\_\_\_\_

Sponsor(s) of Current Research (if any): \_\_\_\_\_

Have you previously participated in the GRC Faculty Fellowship? \_\_\_\_\_

If Yes, state year(s) and GRC colleague(s): \_\_\_\_\_

Anticipated Fellowship Research Area: \_\_\_\_\_

Anticipated Glenn Host Organization and Colleague (if known): \_\_\_\_\_

APPLICATION FOR SUMMER 2018 FACULTY FELLOWSHIP (continued)

Include Statement of Academic Benefit (to be derived from Fellowship participation, 1 page limit)

Professional References (Name, Title, Telephone, and E-mail address)

- 1. Dean or Department Head: \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

E-mail to GRC-NGFFP@mail.nasa.gov:

Completed application

Curriculum vitae (CV); and

Statement of Academic Benefit

Include in the E-mail subject line - APP-Applicant LastName-FirstInitial-NGFFP18

Recommendation letter(s) (RL) should be E-mailed to GRC-NGFFP@mail.nasa.gov. The subject line should state - RL-Applicant LastName-FirstInitial-NGFFP18

Hard copies of recommendation letters with original signatures need to be additionally sent to the attention of:

Dr. M. David Kankam, University Affairs Officer
NASA Glenn Research Center
21000 Brookpark Rd., Mail Stop 7-4
Cleveland, OH 44135

\*\* Endorsement by your Dean or Department Head, including the status of your academic tenure, should be included in his/her letter.

The application and all supporting materials must be received by 11:59 PM (EST) on Wednesday, January 16, 2018.

Faculty Fellows are expected to participate in the NGFFP at GRC, full-time for the complete 10 consecutive weeks, beginning on Monday, June 4, 2018.

I certify that the information provided herein is complete and correct.

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

When you are ready to submit your application, please:

- 1. Check for completeness, then
2. Ensure the "Subject Line" states: APP-Applicant LastName-FirstInitial-NGFFP18

NOTE: Applicants will be notified on their application outcome by Friday, April 23, 2018.
