Subject: NASA White Sands Test Facility (WSTF) Annual Waste Accumulation Areas Location Map

Current WSTF hazardous waste generation locations are identified by their accumulation site identification number on the map provided in Enclosure 1. The locations and names of each area are current as of January 2021. This map fulfills the annual requirement in Section II. A Operation and Maintenance of the Facility of the WSTF Hazardous Waste Permit (NM8800019434). Enclosure 2 is a CD-ROM that contains the map as an Adobe PDF document.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
