Jacobs Technology Inc.  
Attn: Keith Beck, General Manager  
P.O. Box 20  
Las Cruces, New Mexico 88004

Subject: NNJ11HA02C - Jacobs Technology Inc., Performance Determination for the  
First Evaluation Period, March 1, 2011 to October 31, 2011

The Performance Evaluation Board (PEB) met on December 12, 2011 to evaluate Jacobs' performance for the subject period, and to make their recommendation to the Fee Determination Official (FDO). These findings were presented to the FDO on December 13, 2011. The determination was made that Jacobs performed in such a manner as to warrant payment of award fee. The numerical score is 98, which equates to an adjective of Excellent. In addition, Jacobs received a numerical score of 99 on the Innovations & Efficiencies portion of the evaluation, which equates to an adjective of Excellent.

NASA will supply a copy of the evaluation presentation that highlights items of commendable performance as well as any areas which may require improvement. As can be ascertained from the score achieved, Jacobs has successfully completed numerous test and project objectives, with respect to technical and management contract requirements. The workforce is to be commended on their technical performance and their significant contributions to NASA's mission success. Jacobs is also to be commended for being proactive in the area of safety and taking the appropriate steps whenever close calls or accidents occurred.

In accordance with Attachment J-1, Award Fee Evaluation Plan, Jacobs is now afforded an opportunity to submit for consideration any exceptions. Your submission must be made in writing within 5 working days from the date of this letter. The submission if any, must provide supporting reasons for the exceptions taken and must be submitted to me for transmittal to the FDO. If no exception is taken, please notify me as soon as possible in order to expedite payment of the award fee.

The Government will identify, in a separate letter, which weaknesses require submission of a Corrective Action Plan (CAP).

Subject: NNJ11HA02C - Jacobs Technology Inc., Performance Determination for the  
Second Evaluation Period, November 1, 2011 to April 30, 2012

The Performance Evaluation Board (PEB) met on June 18, 2012 to evaluate Jacobs' performance for the subject period, and to make their recommendation to the Fee Determination Official (FDO). These findings were presented to the FDO on June 19, 2012. The determination was made that Jacobs performed in such a manner as to warrant payment of award fee. The numerical score is 97, which equates to an adjective of Excellent. In addition, on the Innovations & Efficiencies portion of the evaluation, Jacobs received a numerical score of 100, which equates to an adjective of Excellent.

Attached is a copy of the evaluation presentation that highlights items of commendable performance as well as any areas which may require improvement. As can be ascertained from the score achieved, Jacobs has successfully completed numerous test and project objectives, with respect to technical and management contract requirements. The workforce is to be commended on their performance and their significant contributions to NASA's mission success. Jacobs is also to be commended for its overall performance.

In accordance with Attachment J-1, Award Fee Evaluation Plan, Jacobs is now afforded an opportunity to submit for consideration any exceptions. Your submission must be made in writing within 5 calendar days from the date of this letter. The submission if any, must provide supporting reasons for the exceptions taken and must be submitted to me for transmittal to the FDO. If no exception is taken, please notify me as soon as possible in order to expedite payment of the award fee.

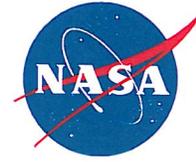

Please feel free to contact me at 524-5512 if you have any questions.
