

**SPACE FLIGHT AWARENESS  
FLIGHT SAFETY AWARD CRITERIA**

To be eligible for this award, nominees must meet at least one of the following criteria:

- A. Contributed significantly to the prevention of a mishap which could cause loss of the vehicle, crew, or mission objective.
- B. Credited with identifying, reporting, or correcting a safety hazard.
- C. Credited with suggesting an idea for improving flight safety, thereby preventing the probability of crew injury during a mission.
- D. Exhibited timely reaction to an emergency.
