

# How to get your Commercial Activity on the ISS

# Let's start with a few questions....

- Are you a U.S. Entity?

*Definition: A (1) United States national or (2) entity organized under the laws of the United States that is more than 50% owned by United States nationals.*

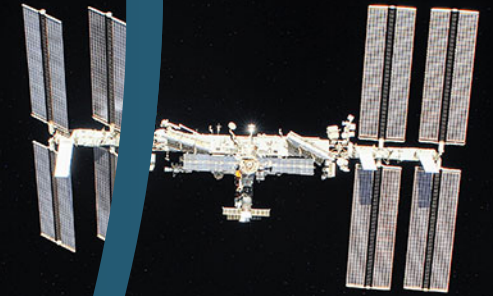

- If so, great! Continue to the next slide 
- If not, we greatly apologize but we are unable to take your requests at this time.

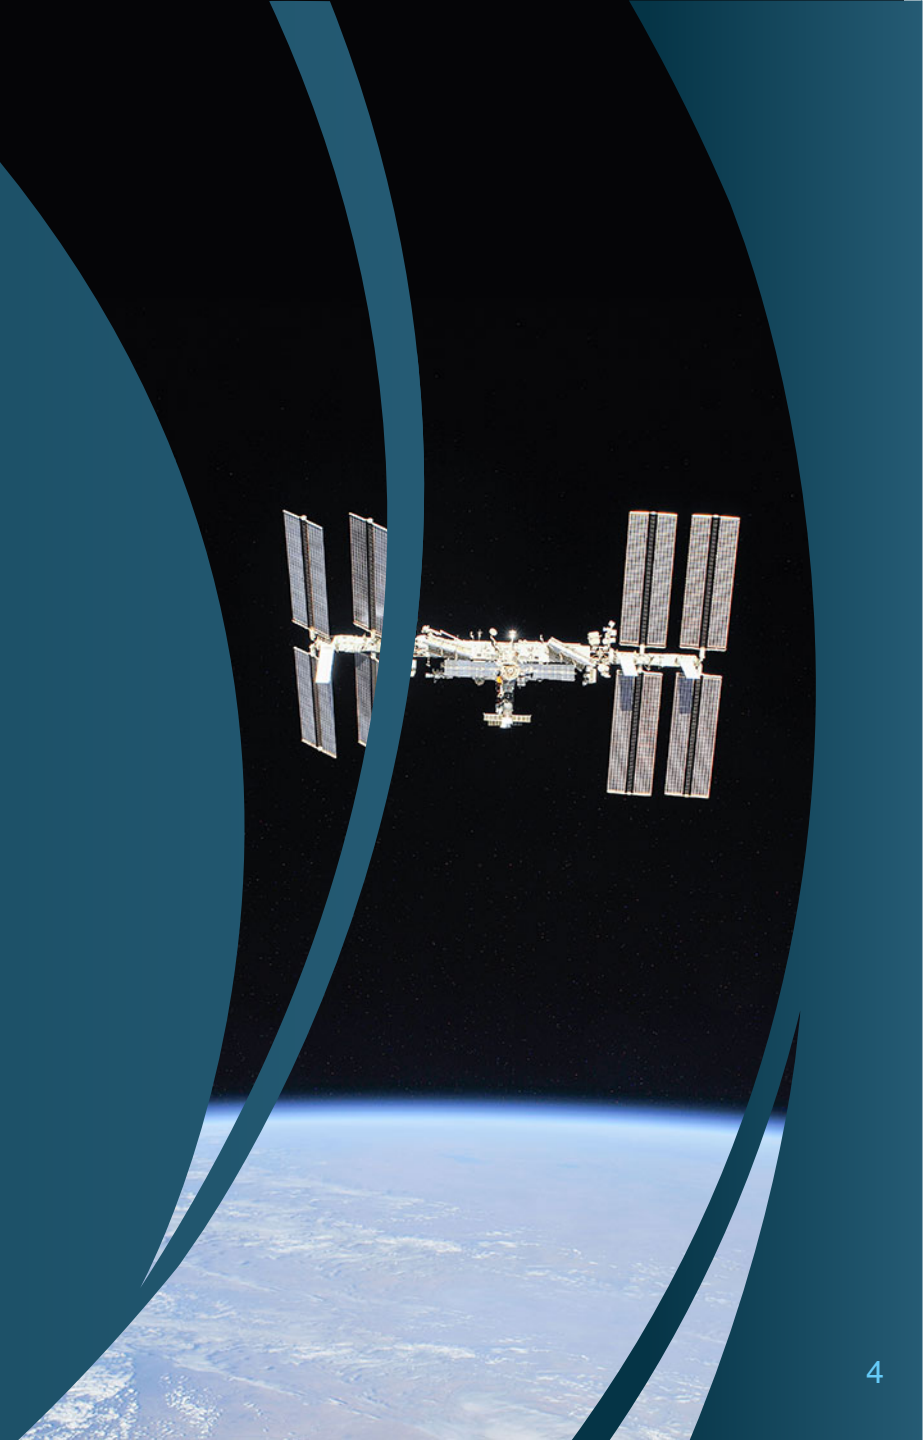

# Are you looking for funding?

- If not, great! Continue to the next slide →
- If so, you may want to apply to one of NASA's or the ISS National Lab's many research announcements.
  - Visit the NASA Solicitation and Proposal Integrated Review and Evaluation website at:
  - <https://nspires.nasaprs.com/external/>
  - <https://www.issnationallab.org/research-on-the-iss/proposals/>

# Is your commercial activity considered research or technology development?

- Are you still in science discovery mode? Or do you need to prove your idea works? Do you still need to work out some tweaks in your hardware?
- If so, you may want to apply to one of NASA's or the ISS National Lab's many research announcements.
  - Visit the NASA Solicitation and Proposal Integrated Review and Evaluation website at:
  - <https://nspires.nasaprs.com/external/>
  - <https://www.issnationallab.org/research-on-the-iss/proposals/>
- If not, continue to the next slide ➡

# Don't need money? Not research or development? That's ok!

Now you can purchase space on our transportation vehicles or crew time to accommodate your activity.

What is your commercial or marketing activity?

Private Astronauts? Manufacturing, production, transportation, or marketing of commercial resources and goods, including products intended for commercial sale on Earth?

- If your activity is one of these: does it require the unique microgravity environment, have a nexus to the NASA mission, and/or support the development of a sustainable LEO economy?
  - If so, continue to the next slide 
- If not, but you believe your activity is commercial in nature, please contact:
  - [HQ-LEO-Economy@mail.nasa.gov](mailto:HQ-LEO-Economy@mail.nasa.gov)

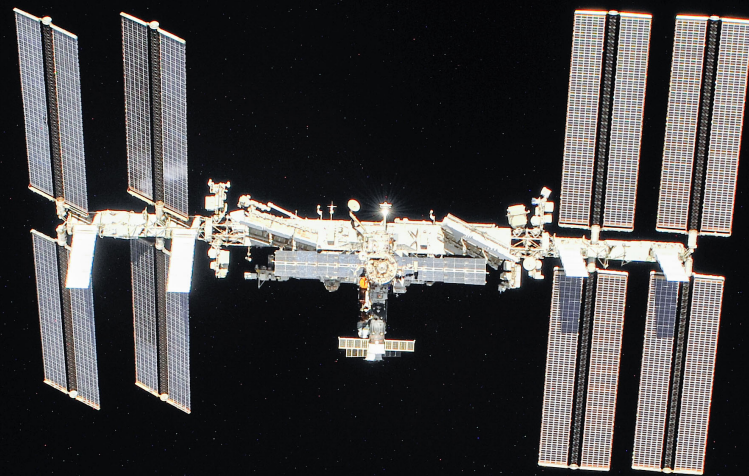

# Still here? Let's do this!

- Let us help you get your activity onto the ISS!
- Visit the [ISS Commercial and Marketing Pricing Policy](#) site for the current price list and resources available for purchase.
- Once you know what you would like to buy visit [NSPIRES](#).

**NOTE:** Before contacting NASA with your request, please read the following to make sure your activity complies with the requirements found in the [ISS Commercial Use Policy Document](#).

## We look forward to working with you!
