

Modification 004 to SAA2-400466
 REIMBURSABLE SPACE ACT AGREEMENT
 BETWEEN
 THE NATIONAL AERONAUTICS AND SPACE ADMINISTRATION
 AMES RESEARCH CENTER
 AND
 COLLINGS FOUNDATION

Collings Foundation and the National Aeronautics and Space Administration (hereinafter "NASA") executed a Reimbursable Space Act Agreement (hereinafter "Agreement") on May 20, 2004, which incorporated by reference the original agreement between the parties dated May 26, 2000 for the purpose of continuing the annual Bombers at Moffett Air Show Event for an additional year.

Collings Foundation and NASA hereby mutually agree to extend the duration of the Agreement executed on May 20, 2004 and which expires on May 20, 2005 for an additional year, effective one day following the expiration date of the agreement or alternatively for one year from the date of the last signature appearing below, in the event that May 20, 2005 has passed at the time this agreement is executed. In the latter event, this agreement shall incorporate the provisions of the May 20, 2004 agreement, which itself in turn incorporates the terms of the original agreement executed on May 25, 2000 by reference and this agreement shall be effective for one year from the date of the last signature appearing below. The purpose of this agreement is to continue activities begun under the original agreement between NASA and Collings Foundation, which was executed May 26, 2000.

This modification solely affects the duration of the Space Act Agreement. All other terms and conditions of the Agreement shall continue in effect, as originally agreed, until the expiration of the Agreement, as extended herein.
