NASA
Explorer Schools

dream big

www.nasa.gov
Connect your middle or high school science, technology, engineering, or mathematics students to the exciting world of NASA exploration and discovery by joining the NASA Explorer Schools project.

Lead your students on an education journey through exciting, authentic, and relevant NASA-related activities that inspire interest in science, technology, engineering, and mathematics disciplines today, tomorrow, and beyond.

For more information visit the NES Virtual Campus at http://explorerschools.nasa.gov.
