i. Items 10b, 10c, and 10d: Access to CNWDI Restricted Data information which is classified and controlled under the Atomic Energy Act of 1954 or Formerly Restricted Data is required. Both Restricted Data and Formerly Restricted Data mandate a final U.S. government security clearance at the appropriate level prior to access.

j. Item 10e2: Non-SCI intelligence information will be protected as prescribed in DCID 1/7, Security Controls on Disseminated Information, the NISPOM, and other provided guidance. The contractor is authorized access to classified Non-SCI intelligence information.

k. Item 10j: For Official Information Only information will be safeguarded in accordance with the Privacy Act Program and Freedom of Information Act.

l. Item 11a: Performance on this contract is restricted to NASA installations, Cape Canaveral Air Force Station (CCAS), Patrick Air Force Base (PAFB), and worldwide landing sites. Contractor is authorized to receive and generate classified material at only these locations. Contractor is authorized to transmit and exchange classified material between the cited installations pursuant to local governing directives. All classified material sent to or from Kennedy Space Center (except DCS items) will be forwarded via the KSC CMCC.

m. Item 11f: Performance on this contract outside the continental United States will be under direct supervision of NASA, John F. Kennedy Space Center.

n. Item 11j: OPSEC guidance will be provided by the Program Manager under separate cover.

o. Item 15: Industrial security inspections of contractor COMSEC activities are under the purview of the NASA KSC Protective Services Office. Defense Security Service (DSS) is relieved of this responsibility.

p. The following classification guides (current and subsequent revisions) are made a part of this contract:

1. STS Security Classification Guide
2. Space Network Security Classification Guide
3. NASA COMSEC Classification Guide

Additional classification guidance will be provided by the NASA KSC Security Classification Officer as necessary.
q. Classified information will not be entered into any ADP system, word processing system or other electrical system until the particular system has been approved by the appropriate Government official as meeting the requisite standards. A letter of such approval must be kept on file.

r. The NASA KSC COMSEC Officer, located in the NASA KSC Protective Services Office, will serve as the Contracting Officer’s Technical Representative for all matters pertaining to COMSEC including COMSEC account administration and management, the Data Encryption Standard (DES), and Public Key Cryptography (PKC).

s. The contractor will comply with requirements of the following instructions. Distribution of documents 5 through 8 will be limited to those contractor personnel performing COMSEC responsibilities.

(1) NHB 1600.5, NASA COMSEC Manual.

(2) NHB 1620.3C, NASA Security Handbook.

(3) KHB 1610.1A, KSC Security Handbook.

(4) NSTISSI 4005, Safeguarding Communications Security (COMSEC) Facilities and Materials.

(5) NSTISSI 4004, Routine Destruction and Emergence Protection of COMSEC Material.

(6) NSTISSI 3013, Operational Security Doctrine for the Secure Telephone Unit III (STU-III) Type 1 Terminal.

(7) NSTISSI 3005, Safeguarding and Control of Data Encryption Standard (DES) Equipment and Associated Unclassified Communications Security Aids.

(8) Such other NASA KSC security handbooks, manuals, and management instructions, and all other attendant procedures, plans and instructions as may be applicable. Guidance concerning COMSEC applicability of any document may be obtained from the NASA KSC COMSEC Officer.

t. Classified material storage capability under this contract will be provided by NASA.

u. The Facility Security Officer, COMSEC Custodian, and Alternate COMSEC Custodian(s) must hold a final **TOP SECRET** Government clearance based on a background investigation (BI) current within 5 years.
v. COMSEC work areas must meet requirements of reference (2), paragraph (s), except all areas containing operational keying material marked "CRYPTO" must be designated "LIMITED AREAS" (identical to DOD "CLOSED AREAS") as defined in reference (3), paragraph (s). A list of individuals (Contractor and Government personnel) who access such limited areas will be maintained throughout the contract and be disposed of in accordance with the NASA KSC COMSEC Officer's instructions.

w. A copy of all COMSEC Material Reports (SF 153) received by or originated by the contractor's COMSEC account will be forwarded to the NASA KSC COMSEC Officer.

x. The NASA KSC COMSEC Officer, or his/her designated representative, may conduct periodic audits, full or partial, to ensure compliance with references listed in paragraph (s).

y. All contractor personnel, prior to being granted access to classified COMSEC information and/or material under this contract, must be U. S. citizens granted a final security clearance by the Government. Foreign nationals, immigrant aliens, personnel holding interim SECRET clearances, or personnel holding a contractor granted CONFIDENTIAL clearance are not eligible for access to classified COMSEC information released or generated under this contract.

z. Reproduction of cryptographic keying material is STRICTLY PROHIBITED under this contract, without prior written approval from the KSC COMSEC Officer.

aa. COMSEC keying material and other accountable COMSEC paper material will be destroyed by burning, pulping, pulverizing, or crosscut shredding in accordance with references (1) and (2), paragraph (s). All other accountable COMSEC material will be disposed of in accordance with instructions issued by the NASA KSC COMSEC Officer.

ab. The contractor will not divulge to any individual, company, organization, or other U.S. Government Department or Agency, any information, either classified or unclassified, pertaining to the design or capabilities of COMSEC systems or equipment being developed, produced, or provided as Government furnished equipment under this contract, or previous NASA contracts, without the prior approval of the NASA KSC COMSEC Officer.

ac. The contractor will not release classified COMSEC information to any activity or individual of the contractor's organization not directly engaged in providing services under this contract or to another contractor (including a subcontractor), Government agency, private individual, or organization without written consent of the NASA KSC COMSEC Officer.
