- 1) The Statement of Requirements, Section 2.2.1 entitled "Contractor Responsibilities," first paragraph, is modified as follows:

The Contractor shall:

- Provide qualified personnel, including at a minimum one (1) Certified Industrial Hygienist, certified by the American Board of Industrial Hygiene (ABIH) who will work in the Ames Industrial Hygiene (IH) Program. (For example: A CIH working in the safety program would not be counted toward this requirement.) The IH staff is responsible for recognition, evaluation, management, controls and follow-up regarding the industrial hygiene matters associated with chemical, biological, physical, and ergonomic hazards at Ames. At least two (2) persons who will work in the Ames IH Program, shall be registered in the State of California as Certified Asbestos Consultants, and at least two (2) persons shall be certified by the California Department of Health Services (DHS) to perform all categories of lead work. Personnel working within the IH group may hold multiple certifications to meet these requirements.

- 2) The Statement of Requirements, Section 2.2.2.1 entitled "Contractor Responsibilities," first paragraph, first sentence, is modified as follows:

The Contractor may be required to provide a Certified Health Physicist (CHP) to serve as the Radiation Safety Officer as approved by the Nuclear Regulatory Commission (NRC) to manage the ionizing radiation safety program in accordance with Chapter 7 of APR 1700.1.

- 3) The Statement of Requirements, Section 6.5.2, entitled "Registered Nurses," is modified as follows:

Registered Nurses and Nurse Practitioners shall be licensed in the State of California. At least one (1) nurse shall be certified by either the American Heart Association or the American Red Cross in Advanced Cardiac Life Support (ACLS) and maintain current certification.

At a minimum the technical staff shall include one (1) Full Time Equivalent (FTE) Medical Director (Medical Doctor or Doctor Osteopathy) and one (1) FTE Registered Nurses or one (1) FTE Nurse Practitioner. The Government prefers that at least one person on staff have current paramedic status.

- 4) The Statement of Requirements, Section 6.6.1, entitled "Training Specialist," is modified as follows:

#### **6.6.1 Training**

The Technical Staff (TS) members shall conduct training courses in one or more facets of hazardous materials management, industrial hygiene compliance, or occupational safety. The TS shall have a Bachelor's degree in an appropriate technical discipline and experience in identifying, planning, and coordinating the above mentioned training activities and in designing, developing, conducting, and evaluating training courses using a variety of training techniques and methods. The TS must have excellent communication skills. Any regulatory requirements for qualifications of trainers must be met.
