1. The following paragraph (g) is hereby added to NASA clause 1852.242-72 Observance of Legal Holidays Alternate II:

"(g)(1) if the Contractor or some or all of its employees were determined to be "non-expected" during the government shutdown from October 1, 2013 through October 16, 2013, and (2) the Contractor directed or authorized its employees to record wages and salaries as either paid leave or leave without pay for all or a portion of the government shutdown period, and (3) for each employee for which the Contractor seeks reimbursement, the Contractor confirms that the employee was not otherwise scheduled to take leave for reasons unrelated to the government shutdown period, then the Contractor may make retroactive adjustments to their records as necessary for such non-expected onsite employees for the period of the government shutdown, to revise such paid leave or leave without pay to an administrative leave category. Such adjustments are for the purpose of ensuring that costs incurred for such adjustments shall be without loss to the contractor. No reimbursement shall take place until the contractor demonstrates that it has actually incurred costs."

2. The contractor acknowledges that this action and modification to the NASA Observance of Legal Holiday Clause (Alternate II) is a one-time occurrence, and is not precedent for any future furlough or other work stoppage, or any instance in which the Observance of Legal Holiday Alternate II clause or any other clause may or may not be relevant in determining a contractor's ability to recover. This action is not authority for recovery for wages and salaries for periods other than the October 2013 shutdown.
3. All other terms and conditions remain unchanged.
