

NASA Education Implementation Plan Update

Beverly Girten, Ph.D.

Senior Advisor to Associate Administrator for Education

NAC Ad Hoc Task Force on STEM Education
Sept. 22, 2015

All Three Plan Related Products Are Complete

- NASA Education Brochure
- NASA Education Implementation Plan (Printed Version)
- NASA Education Implementation Plan (E3 Version)
 - E3 is: Electronically Enhanced Edition
 - Completed end of August
 - Presented to Agency leadership on Sept. 8
 - NASA Education was added to NASA main webpage Sept. 9
 - E3 added to the NASA Education main webpage on Sept. 10.
 - About 30 videos added and over 300 hyperlinks included
 - Will have contest for pictures and videos quarterly
- Plans to update both versions of plan twice a year

E3 Plan Demonstration

- Can start at either NASA main website (nasa.gov) or NASA Education website (nasa.gov/education)
- Select product, in this case, E3 version of plan
- Table of Content is hyperlinked, so can jump to location
- Click on any hyperlink and it will take you to that specific website, back arrow to return to plan.
- Click on any video and it will take you to that video; stop at any point and hit back arrow and will return to plan
- By having links outside the heavy PDF, the heavy PDF can be emailed, but still link to enhanced content

Thank you!

We appreciate your earlier input and look forward to your continued input.
