SUBJECT: Determination Regarding Attendance by NASA employees at the Federal Computer Week/Government Executive Awards Dinner on May 12, 2022

On May 12, 2022, Federal Computer Week (FCW) and Government Executive (GovExec) will jointly host an awards dinner at The National Cathedral in Washington, DC, starting at 6:00 p.m. The event will provide a forum for informal discussion with other personnel in the information technology field.

Approximately 700 people have been invited to attend. Attendees will have a diversity of views or interests and will include representatives from the legislative branch, state and local government officials, representatives from industry, employees of Federal agencies, academia, and media. The estimated cost of the event, including all food and beverages, is \$175 per person. Both FCW and GovExec are in control of the organizing, planning and invitations for this event. Attendance at this event will allow NASA attendees to exchange information regarding various NASA programs. I find that the event meets the requirements of a "widely attended gathering" as defined in 5 C.F.R. § 2635.204(g)(2). I further determine that there is an Agency interest in having NASA personnel attend the event because it will provide an opportunity for the invited persons to exchange ideas and views pertaining to NASA's policies, programs and operations. NASA employees – including NASA employees in non-career positions who are required to sign the ethics pledge under Executive Order 13989 – who do not have a significant role in a matter affecting the interests of the sponsor may accept an invitation for free attendance for themselves and a guest to the event. In those circumstances, I find that the Agency's interest in attendance outweighs any concern that the individual may be, or may appear to be, improperly influenced in the performance of their duties.

Additionally, NASA employees who have a significant role in any pending matter affecting the interests of the FCW/GovExec, such as procurement duties, program management, or negotiating or administering a Space Act Agreement, should seek a separate determination from their local ethics counselor as to whether they may accept the invitation. Attendees are reminded to exercise any COVID-19 precautions appropriate to their individual situation.
