

NASA HQ Archives

Apollo Program Subject Files

Record Group: Spaceflight

Series Title: Human Spaceflight; Apollo Program Subject Files

Extent: 45 feet, 4 inches

Box Count: 135 boxes

Inclusive dates: 1958 – 2006

Location: 4/2/5 – 5/2/3

Transfer #: NA

Accession Number: NA

Disposition Authority: NA

Media Type: Textual, photographic, and electronic. Some speeches digitized and transcripts available.

Access Restrictions

None.

Use Restrictions

Most government records are in the public domain, however, this series includes commercial materials, such as newspaper clippings, that may be subject to copyright restrictions. Researchers should contact the copyright holder for information.

Copy Status: Research, Use, and Preservation

Preferred Citation

Spaceflight; Human Spaceflight; Apollo Program Subject Files. [Box Number], [Folder Title], [Document Title] NASA HQ Archives [Reference URL if required]

Last updated March 13, 2020

Series Description

This series consists of Apollo program files collected by the National Aeronautics and Space Administration (NASA) Headquarters archivists for inclusion in the Historical Reference Collection. Records contain materials collected from the Office of Manned Space Flight (OMSF), contractor historians, and NASA retirees. Specifically, this series contains correspondence files; reports; meeting files; speeches; oral histories; congressional briefings and budget files; Apollo 11 flight and crew; impact of space program on society; lunar exploration; Apollo spacecraft design and development; program management; Apollo 8 flight and crew; Apollo 1 (AS-204) fire and investigation; Apollo 13 accident and investigation; and Apollo mission mode selection.

General Notes

NASA official records relating to the Apollo program are held in the National Archives at College Park, MD, Atlanta, GA; and Ft. Worth, TX.

When requesting electronic documents, please include the entire file name, e.g. Lovelace__SpeechesLovelace_1976 4-6-76.pdf.

Keywords: Apollo 11 flight; lunar exploration; space, impact on society; manned lunar landing; public relations; Apollo 11 crew; Apollo spacecraft; Apollo 8 flight; contract management; Apollo 8 crew; Apollo 1 (204) fire; Apollo 13 flight; Office of the Administrator; Apollo 12 flight; North American Aviation (NAA), Incorporated; Apollo 13 accident; Apollo 1 (204) Review Board; Apollo 13 crew; space photography; Apollo 12 crew; lunar orbit rendezvous (LOR); Apollo 15 crew; Apollo program costs; Apollo 15 flight; spacecraft design; Apollo 10 flight; NASA Review Team Report (Phillips Report); Apollo 10 crew; program management; Apollo command and service module (CSM); contract selection; spacecraft systems; General Electric (GE) Corporation; Saturn launch vehicles; Apollo 9 flight; direct flight mode; quality control; astronaut training; Apollo 16 flight; lunar rover; Apollo 17 flight; Apollo lunar module (LM); Buzz Aldrin; James A. Lovell, Jr.; Neil A. Armstrong; Michael Collins; Daniel S. Goldin; William A. Anders; Frank Borman; Edward H. White, II; Roger B. Chaffee; Virgil I. (“Gus”) Grissom; Samuel C. Phillips; Charles P. (“Pete”) Conrad, Jr.; Fred W. Haise, Jr.; George E. Mueller; John L. (“Jack”) Swigert, Jr.; Alan L. Bean; Wernher von Braun; D. Brainerd Holmes; Richard F. Gordon, Jr.; Eugene A. Cernan; Joseph F. Shea; John W. Young; David R. Scott; James E. Webb; and Thomas O. Paine.
