Summary information

Repository:	Headquarters Archives
Title:	Astronaut Subject Files
Reference code:	SPFL-10
Date:	1913-2005 (creation)
Physical description:	30 letter Hollinger boxes (12.15 linear feet)
Language:	English

Scope and content

This collection consists of files on the astronaut program collected by the National Aeronautics and Space Administration (NASA) Headquarters archivists for inclusion in the Historical Reference Collection. Records contain materials collected from the Office of Manned Space Flight (OMSF), Office of Space Flight (OSF), Exploration Systems Mission Directorate (ESMD), and Human Exploration Operations Mission Directorate (HEOMD), contractor historians, and NASA retirees reflecting and supporting policy studies and analysis; files on program development; correspondence, and memoranda between NASA officials, private sources, and other U.S. Government agencies; records of official meetings; oral histories and speeches given before various organizations. Specifically, this series contains correspondence files; reports; meeting files; speeches; oral histories; congressional briefings and budget files; manned space flight; Mercury 7 astronauts; Gemini astronauts; Apollo astronauts; Space Shuttle astronauts; astronaut training; women astronauts; and black astronauts.

Series descriptions

Reference code	Title	Dates	Physical description
SPFL-10-B1-F1 8900	File - Flight (Mythology/Fiction)	1500-1986	
	<i>Scope and content:</i> Miscellaneous news clippings, articles, and illustrations re early concepts of flight from mythology, literature, sculpture, and art. Includes NACA brochure: "A Brief History of Aeronautics as Pictured on the Murals in the Rotunda of the Administration Building, Langley Memorial Aeronautical Laboratory".		
SPFL-10-B1-F2 8901	File - Manned Spaceflight (Early)	1976	
	<i>Scope and content:</i> Miscellaneous news clippings and articles re the early history of space flight and rocketry. Includes a reprint from the World Book Encyclopedia: "Space Travel". Also includes photos re early concepts of space flight.		
SPFL-10-B1-F3 8903	File - Early Manned Flight	1913-1949	
	<i>Scope and content:</i> Miscellaneous news clippings and articles re aviation pioneers, and early attempts at manned flight. Includes "Air & Space" magazine: "Photos of Flight", and "Naval Aviation News": "Naval Aviation in World War I". Also includes paper: "Air Transportation. A Recent Phenomenon of the Technology..." by Jesse Robert Fairbanks. Includes National Air and Space Museum brochures: "Charles A. Lindbergh and the Spirit of St. Louis", "The Pan-American Goodwill Flight of 1926-1927", "The McDonnell FH-1 Phantom", and "Wiley Post's 'Winnie Mae'. Lockheed Model 5-C 'Vega' (Modified)". Also includes brochure: "Of Flight & Bold Men". Includes photos re early rocket stands and rocket mail experiments".		
SPFL-10-B1-F4 8903	File - 200 Yrs. Of Flight...	1936-1990	
	<i>Scope and content:</i>		

	American Astronautical Society History Series, Volume 1: "Two Hundred Years of Flight in America. A Bicentennial Survey" edited by Eugene M. Emme.
SPFL-10-B2-F1 8910	File - Manned Spaceflight Pro/Con 1973- 1973 <i>Scope and content:</i> Miscellaneous news clippings re the pros and cons of manned space flight versus unmanned space flight, competition for funding between manned and unmanned space projects, and the value to mankind of a manned presence in space. Includes speech by Dale Myers to the American Society for Public Administration re the policies needed to restore American pre-eminence in space, speech by James M. Beggs to the "American Institute for Aeronautics and Astronautics (AIAA)/NASA Symposium on Automation, Robotics, and Advanced Computing...", and presentation by Terence T. Finn: "Why Have Men and Women in Space in the First Place?". Also includes NASA studies: "Role of Man in Space", and "On Man's Role in Space. A Review of Potential Utilitarian and Humanistic Benefits of Manned Space Flight". Includes NASA Information Summary: "Living and Working on the New Frontier". Also includes photos re the goals of manned space flight.
SPFL-10-B2-F2 8912	File - Role of Man in Space (Reports) 1968-1969 <i>Scope and content:</i> Reports: "The Role of Man in Earth Observations" by G.L. Murphy; "The Uses of Man in Earth Observations" by B.A. Gropper; "Needs for Man in Space" by Jesco von Puttkamer; and "On the Role of Man in Space" by A.N. Chambers.
SPFL-10-B3-F1 8911	File - Manned Spaceflight Pro/Con 1969-1972 1969-1972 <i>Scope and content:</i> Miscellaneous news clippings re the pros and cons of manned space flight versus unmanned space flight, the prohibitive costs of manned space flight, the advantages of manned lunar exploration in the Apollo program, and manned versus unmanned planetary exploration. Includes correspondence re the competition between manned space flight advocates and the scientific community; NASA policy on the benefits of manned space flight; criticisms of the Apollo Program for not emphasizing science more; and the role of man in earth observation. Also includes paper by Wernher von Braun: "Now That Man Has Reached the Moon, What Next? Or, After the Moon, What?". Includes speech by George Mueller re cooperation between manned and satellite earth observation, and report by Mueller "Science in the Apollo Program". Includes Presidential Science Advisory Committee (PSAC) report: "The Biomedical Foundations of Manned Space Flight".
SPFL-10-B3-F2 8904	File - Manned Satellite 1958 <i>Scope and content:</i> Miscellaneous correspondence re cooperation between the NACA, the Advanced Research Projects Agency (ARPA), and the US Air Force (USAF) on a manned satellite program. Includes correspondence re the development of a life support system for manned space flight, and manned satellite proposals from industry. Also includes NACA paper: "Study of the Feasibility of a Hypersonic Research Airplane".
SPFL-10-B3-F3 8905	File - NACA Manned Space Flight Folder 1952-1958 #1 <i>Scope and content:</i> Miscellaneous correspondence re meetings of the NACA Committee on Aerodynamics and the NACA Committee on Aircraft, Missile, and Spacecraft Aerodynamics re the development of manned space flight technology.
SPFL-10-B3-F4 8906	File - NACA Manned Space Flight Folder 1957 #2

	<i>Scope and content:</i> NACA Paper: "Study of the Feasibility of a Hypersonic Research Airplane".
SPFL-10-B3-F5 8907	File - NACA Manned Space Flight Folder 1958 #3 <i>Scope and content:</i> Miscellaneous correspondence re the proposals and technology development for NACA's manned satellite program; and memoranda of understanding between NACA and the US Air Force (USAF) and between NASA and the Department of Defense (DoD).
SPFL-10-B4-F1 8908	File - NACA Manned Space Flight Folder 1952 #4 <i>Scope and content:</i> Minutes of a NACA Executive Committee meeting re aerodynamics research. Includes correspondence re NACA research on high speed high altitude flight, space flight, and aerodynamics.
SPFL-10-B4-F2 8909	File - NACA Manned Space Flight Folder 1958 #3 [Addendum] <i>Scope and content:</i> Miscellaneous correspondence re industry proposals for a manned satellite program; and "man-in-space" briefing by the US Air Force Air Research and Development Command (ARDC).
SPFL-10-B4-F3 8913	File - Manned Spaceflight Pro/Con thru 1963-1969 1968 <i>Scope and content:</i> Miscellaneous news clippings and press releases re the pros and cons of manned versus unmanned space flight; assessment of the successes of the Apollo Program, and new directions for the space program after the Apollo Program; and manned versus unmanned planetary exploration. Includes correspondence re funding for satellites, and NASA's assessments of the role of man in space flight. Includes periodicals: "The General Electric Forum for National Security and Free World Progress" re "Man's Opportunities in Space", and "Astronautics and Aeronautics" re the worth and future of the US space program. Also includes NASA Educational Publication EP125: "Why Man Explores"; and NASA informational brochures: "Why Land on the Moon?" by Robert Jastrow and Homer Newell, and "The Mission of Man in Space" by Newell. Includes speech by Newell: "The Mission of Man in Space".
SPFL-10-B4-F4 8914	File - Manned Spaceflight – General 1970-1973 1970-73 <i>Scope and content:</i> Miscellaneous news clippings and press releases re NASA manned space flight programs; cooperation between the US and the Soviet Union (USSR) on manned space flight; long range planning for manned space flight; manned versus unmanned space flight; criteria for astronaut selection; and women astronauts. Includes correspondence re astronaut activities and selection criteria, and the advantages of a manned presence in space. Also includes NASA Information Summary: "Astronaut Selection and Training"; NASA Publication: "America in Space. The First Decade. Man in Space" by David A. Anderton; and "NASA Facts" booklet: "Manned Space Flight. The First Decade". Includes paper: "The Apollo-Peking Crisis" by Mae M. Link; and paper: "Cabin Conditioning Equipment for a Manned Satellite" by George Beardshall and Peter W. Fitt. Also includes photos and illustrations re manned space flight.
SPFL-10-B5-F1 8915	File - Manned Spaceflight – General 1962-1985 <i>Scope and content:</i> Miscellaneous news clippings and press releases re NASA manned space flight programs, technology, and costs; Mercury, Apollo, and Gemini Programs; US and Soviet Union (USSR) manned space

	flight logs; and Mercury astronaut training. Includes NASA Information Summary: "The Early Years: Mercury to Apollo Soyuz"; NASA Publication NP150: "Space Flight. The First 30 Years"; NASA Facts publication: "Manned Space Flight: Projects Mercury and Gemini"; NASA Educational Publication EP11: "Manned Space Flight Team"; and NASA informational booklet: "A Technical Introduction to Space. The Challenge of Space Exploration". Also includes speeches and presentations: "Project Mercury. The Astronaut Training Program" by Robert B. Voas; "Manned Space Flight Program" by Joseph Shea; "Flight Control and Monitoring and Recovery Operations" by Sigurd Sjoberg; "The Manned Space Flight Program-Its Significance and Economic Implications" by D. Brainerd Holmes; "The United States Manned Space Flight Program: Its Present Status and Future Development" by Holmes; "Manned Space Flight Systems-Past, Present and Future" by Richard V. Rhode; and "Organizing for the Conquest of Space" by George Low.

	Miscellaneous press releases and news clippings re Space Shuttle payload specialists, selection criteria and procedures, and international payload specialists. Includes correspondence re the payload specialist selection process, change in procedures for the selection of Spacelab payload specialists, and payload specialist roles and responsibilities. Also includes NASA Management Instructions (NMI): "Payload Specialists for Space Transportation System (STS) Missions", and "Payload Specialists for NASA or NASA-Related Payloads". Includes NASA reports: "Payload Specialist Training Plan", and "Medical Evaluation and Selection Standards. NASA Class III. Payload Specialist". Also includes brochures: "The Role of the Payload Specialist in the Space Transportation System for NASA or NASA-Related Payloads", and "Information for Payload Specialist Nominees. NASA Class III Space Flight. Medical Evaluation". Includes photos of Spacelab Project payload specialists.		
SPFL-10-B17-F4 8961	File - Payload Specialists (II)	1973-1978	
	<i>Scope and content:</i> Miscellaneous correspondence re the establishment of policies and procedures for the selection of payload specialists; the use of mission specialists and payload specialists as subjects for life sciences investigations; payload specialist training; Space Shuttle crew policy issues; the role of scientist-astronauts in the Space Shuttle program; and a chronology of the payload selection process. Includes the draft of a NASA Management Instruction (NMI): "Procedure for the Selection of Payload Specialists for NASA-Sponsored STS Missions". Also includes "Report of the Subcommittee on Scientist Astronauts of the NASA Space Program Advisory Council (SPAC)".		
SPFL-10-B17-F5 8958	File - Space Shuttle Astronauts	1969-1992	Includes Photographs
	<i>Scope and content:</i> Miscellaneous news clippings, press releases, daily activities reports, and correspondence re astronaut retirements, resignations, and deaths; policy on Space Shuttle crew eligibility; selection of Space Shuttle crews; and Space Shuttle astronaut training. Includes astronaut fact sheets; and "NASA Facts" publication: "Astronaut Selection and Training". Includes photos of pre-Challenger Accident Space Shuttle crews.		
SPFL-10-B18-F1 8962	File - Astronauts Group VIII (1978)	1978	
	<i>Scope and content:</i> Listing of the eighth group of pilots and mission specialists chosen for the Space Shuttle program, the Astronaut Class of 1978.		
SPFL-10-B18-F2 8964	File - Astronaut Candidates (Class of 1980)	1980	
	<i>Scope and content:</i> Miscellaneous press releases and news clippings re the selection of the ninth group of Space Shuttle astronauts, the Class of 1980; and retirements and resignations from NASA by members of the Class of 1980. Includes photos re the Class of 1980, and water survival training.		
SPFL-10-B18-F3 8963	File - Shuttle Astro Press Conf. (16 Jan. 78)	1978-1988	Includes Photographs
	<i>Scope and content:</i> Miscellaneous press releases, and the transcript of a press conference re the selection of the Astronaut Candidate Class of 1978, the "Thirty-Five New Guys" (TFNG). Includes news clipping re the careers of the astronauts from the Class of 1978. Also includes photos re the Class of 1978, astronaut training, and the first female astronauts.		
SPFL-10-B18-F4 8929	File - Astronauts Gen (1980-88)	1980-1988	
	<i>Scope and content:</i>		

	Miscellaneous news clippings and press releases re the NASA astronaut corps, astronaut affairs and public appearances, and the astronaut selection process. Includes NASA Management Instruction (NMI): "Public Appearances of Astronauts", "NASA Astronaut Candidate Recruitment and Selection Program", and "NASA Medical Boards in Support of Crew Qualification for Spacecraft Operations". Also includes correspondence re astronaut public appearances.
SPFL-10-B18-F5 8928	File - Astronauts Gen (1989- 1989 <i>Scope and content:</i> Miscellaneous news clippings re NASA astronaut affairs; public attitudes towards the astronaut profession; selection of astronaut candidates; morale of the astronaut corps; and the qualifications of astronauts. Includes NASA Management Instruction (NMI): "Public Appearances of Astronauts".
SPFL-10-B19-F1 8930	File - Misc. Astronaut Info. 1963-1988 <i>Scope and content:</i> NASA Information Summaries: "Astronaut Selection and Training" and "Astronaut Fact Book". Includes a staff report of the Senate Committee on Aeronautical and Space Sciences: "United States Astronauts". Also includes poster of NASA and Soviet astronauts.
SPFL-10-B19-F2 8931	File - Astro. Selection and Training 1970 <i>Scope and content:</i> Manuscript: "Astronaut Selection and Training for Manned Space Flight" by Mae Mills Link and Donald K. Slayton.
SPFL-10-B19-F3 8965	File - Astronauts (Class of 1984) 1984 Includes Photographs <i>Scope and content:</i> Miscellaneous news clippings and press releases re the selection of the tenth group of Space Shuttle astronauts, the Astronaut Class of 1984. Includes correspondence from Congress re applicants to the astronaut corps. Also includes photos of the Astronaut Class of 1984.
SPFL-10-B19-F4 8966	File - Astronauts (Class of 1985) 1985 <i>Scope and content:</i> Miscellaneous news clippings, press releases, and photos re the eleventh group of Space Shuttle astronauts, the Astronaut Class of 1985.
SPFL-10-B19-F5 8967	File - Astronauts (class of 1987-88) 1987-1988 <i>Scope and content:</i> Miscellaneous news clippings, press releases, and photos re the twelfth group of Space Shuttle astronauts, the Astronaut Class of 1987; and astronaut training.
SPFL-10-B19-F6 8968	File - Astronauts Class of 1990 1990 <i>Scope and content:</i> Miscellaneous news clippings, press releases, and photos re the Astronaut Candidate Class of 1990.
SPFL-10-B20-F1 8969	File - Astronaut Class of 1992 1992 <i>Scope and content:</i> Miscellaneous news clippings and press releases re the Astronaut Candidate Class of 1992.

SPFL-10-B20-F2 8970	File - Astronaut Class of 1994/95	1993	
	<i>Scope and content:</i> Press release re recruitment for the Astronaut Candidate Class of 1994. Includes application package for astronaut candidates.		
SPFL-10-B20-F3 14295	File - Astronauts Class of 1996	1995	
	<i>Scope and content:</i> Miscellaneous press releases and news clippings re recruitment for the Astronaut Candidate Class of 1996; and the selection of two astronaut candidates from Kennedy Space Center (KSC). Includes news clipping re first twins who are also first siblings selected as astronauts.		
SPFL-10-B20-F4 16197	File - Astronaut Class of 1998	1998	
	<i>Scope and content:</i> Miscellaneous news clippings and press releases re the selection of Space Shuttle astronauts for the Astronaut Class of 1998.		
SPFL-10-B20-F5	File - Astronaut Classes 2000-	2000-2008	
SPFL-10-B20-F6	File - Astronauts Foreign	1962-1985	
	<i>Scope and content:</i> Miscellaneous news clippings, press releases, and photos re foreign astronauts in the Space Shuttle program. Includes correspondence re NASA plans and policies for the inclusion of foreign astronauts in the US space program. Also includes brochures: "The Role of the Payload Specialist in the Space Transportation System for NASA or NASA-Related Payloads", and "Information for Payload Specialist Nominees. NASA Class III Space Flight. Medical Evaluation".		
SPFL-10-B20-F7 8972	File - Mercury Astronaut Field Trips	1960	
	<i>Scope and content:</i> Miscellaneous photos re Mercury 7 astronaut survival training.		
SPFL-10-B20-F8 8973	File - Apollo Astronaut Field Trips	1964-1988	
	<i>Scope and content:</i> Contains news clippings, correspondence, and photos re Apollo astronaut geology and survival training field trips; selection of sites for astronaut geology field trips; and lunar traverse simulations. Includes news clipping re the application of adaptation to isolation in Antarctica to astronaut training. Also contains a 1964 draft schedule of astronaut geology training.		
SPFL-10-B21-F1 8974	File - NASA-Iceland Astronaut training	1965-1967	Includes Photographs
	<i>Scope and content:</i> Miscellaneous news clippings, correspondence, and photos re Apollo astronaut geology training in Iceland.		
SPFL-10-B21-F2	File - Astro-Scuba Training Key West, Florida	1967	
SPFL-10-B21-F3 19851	File - Apollo Astronaut Training – Rand Reports	1964	
	<i>Scope and content:</i>		

	Rand reports re Apollo astronaut training including Rand Research Memorandum RM4311NASA: "Astronaut Crew Requirements for Apollo in-Flight Operations" by N.F. Kristy and H.P. Roth; and Rand Research Memorandum RM4096NASA: "Apollo Astronaut Crew Skill and Training" by N.F. Kristy.
SPFL-10-B21-F4 8975	File - Manned Space Flight-Long Range Planning and Objectives 1964-1966 <i>Scope and content:</i> Miscellaneous correspondence re long range planning and the establishment of objectives for NASA manned space flight programs. Includes Office of Manned Space Flight (OMSF) report: "Advanced Manned Missions. Status of the Program". Also includes National Academy of Sciences (NAS) Space Science Board "Study of National Goals in Space, 1971-1985". Includes memorandum to Ken Hechler re possible future NASA programs.
SPFL-10-B21-F5 8980	File - Space Rescue 1965-1985 <i>Scope and content:</i> Miscellaneous news clippings, press releases, and correspondence re space rescue concepts; the need for NASA to develop rescue capabilities for the Skylab Project, the Space Shuttle Program, and the Space Station Program; and international cooperation on space rescue capabilities. Includes brochure re Space Station Assured Crew Return Vehicle (ACRV). Also includes transcript of the "Rendezvous and Lunar Module (LM) Rescue Briefing". Also includes presentation on space rescue by Harold L. Bloom; paper: "Ground Initiated Earth Orbital Space Rescue" by T.J. Gordon and W.H. Siegfried; and paper: "Space Rescue Requirements" by Alfred M. Mayo. Includes illustrations of space rescue and escape vehicle concepts.
SPFL-10-B21-F6 8981	File - Space Rescue 1959-1976 <i>Scope and content:</i> Miscellaneous news clippings and press releases re astronaut rescue; the "rescue ball" and "inflatable bag" concepts; discussions of space rescue needs after the near-disaster of the Gemini 8 flight; international cooperation on space rescue measures; and the use of space tugs for rescue missions. Includes correspondence re the use of the Apollo Lunar Module (LM) in a "lifeboat" mode; and NASA studies of the need to development rescue measures. Includes paper: "Comments on Rescue and Return of Astronauts on Earth and in Outer Space" by R. Cargill Hall; and NASA study: "Contingency Planning for space flight Emergencies".
