This expansion of professional development opportunities for teachers focuses on a multi-layered approach, flexible programming, and utilizes networks focused on professional development and partnerships between formal classroom educators and informal sites. The Museum will consult with local teachers specializing in professional development as well as NASA's Armstrong Flight Research Center. Participants will receive continuing professional education credits and leadership opportunities to create curriculum for future workshops and other Museum programs; they will also have the opportunity to teach Museum

programs.

## List of Partners:

- Dallas Sensory Consortium
- Informal Educators of North Texas
- Southwestern Association of Planetariums
- DFW Science Supervisors
- Region 10 ESC
- Dallas College and Texas Woman's University
