

MINNESOTA STATE UNIVERSITY MOORHEAD

An Expanding Universe: Bringing NASA's ViewSpace to the Fargo-Moorhead Area

Dr. Sara K Schultz

2/01/22 - 1/31/24

Viewspace lets users reveal hidden objects like stars forming inside a pillar of gas and dust.

A partnership with local library districts to deliver NASA content and new original programming for K-12 families and underserved populations; in this region, new Americans and refugees comprise an important segment of that population. Each library will host a NASA ViewSpace kiosk, to promote greater awareness of NASA programming. Original programming and hands-on activities tied to six of the NASA ViewSpace modules will be delivered at the MSUM Planetarium,

Oceanarium and Regional Science Center, and promoted by all the libraries. This project will highlight the NASA communication themes of “Earth. Your Home, Our Mission” and “Solar System and Beyond: Discovering the Secrets of the Universe”.

List of Partners:

- Moorhead Public Library
- Fargo Public Library
- West Fargo Public Library
