

NASA Hires Veterans!

NASA values the commitment and service of military veterans and their families. We offer meaningful employment, career development, and workplace flexibilities.

Across the agency, veterans deliver subject matter expertise, years of on-the-job training, and advanced skills in everything from information technology to transportation logistics and from supply-chain management to public relations. In addition, there are many opportunities for veterans and military spouses available such as in:

- Aerospace and Aviation
- Engineering
- Program Management
- Cyber Security
- Security Administration
- Business Administration

If you're a veteran who served on active duty, you may be eligible for special hiring authorities for veterans' preference, as well as other veteran specific hiring options.
