NEBRASKA

40
NASA Jobs
Supported

There are 2 NASA Federal jobs and 23* contractors in the state of Nebraska.

For every NASA federal job located in Nebraska, an additional 19** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA federal jobs, an additional \$6.5** million worth of output is sustained throughout the state economy.

* Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.

** Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: <https://blog.implan.com/understanding-implan-multipliers>

NASA Astronauts (Former)

Clayton Anderson

Four Nebraska suppliers contributed to NASA's Artemis program. An example of the state's contributions is the supply of different electronic components like fiber channel connectors and switches for Orion.
