NASA Jobs Supported

There are 75 NASA Federal jobs and 896* contractors in the state of Tennessee.

For every NASA federal job located in Tennessee, an additional 20.9** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA federal jobs, an additional \$8.3** million worth of output is sustained throughout the state economy.

* Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.

** Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: <https://blog.implan.com/understanding-implan-multipliers>
