VERMONT

There are 2 NASA Federal jobs and 25* contractors in the state of Vermont.

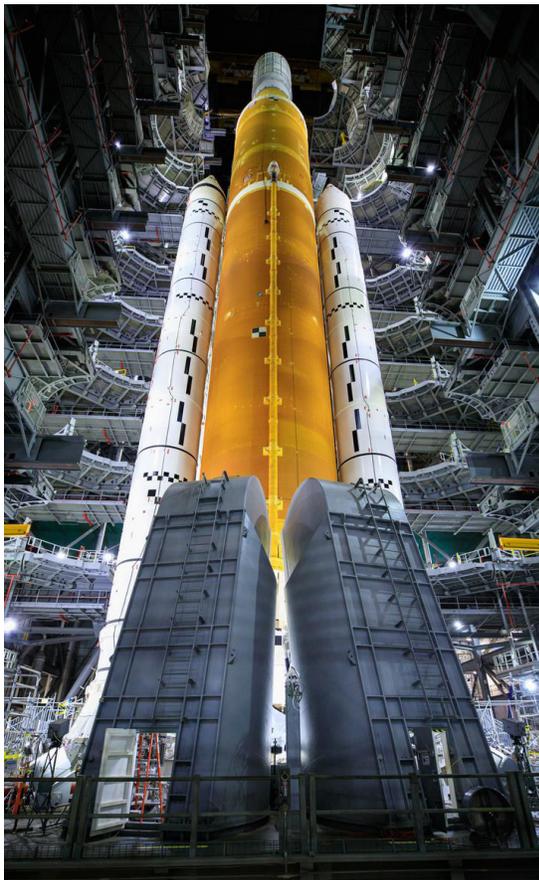

For every NASA federal job located in Vermont, an additional 21** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA federal jobs, an additional \$8.1** million worth of output is sustained throughout the state economy.

* Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.

** Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: <https://blog.implan.com/understanding-implan-multipliers>

NASA Astronauts (Former)

Duane Graveline

Two Vermont suppliers contributed to NASA's Artemis program. An example of the state's contributions is producing space grade electronic devices for SLS.
