39
NASA Jobs
Supported

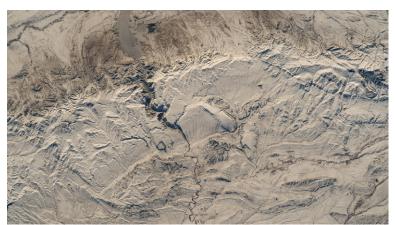

There are 2 NASA Federal jobs and 28* contractors in the state of Wyoming.

For every NASA federal job located in Wyoming, an additional 18.5** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA federal jobs, an additional \$6.7** million worth of output is sustained throughout the state economy.

- * Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.
- ** Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: https://blog.implan.com/understanding-implan-multipliers

Two Wyoming suppliers contributed to NASA's Artemis program. An example of the state's contributions is providing cable ties, tapes, cords and more.

A snow-covered Boysen State Park and a frozen Boysen Reservoir in Wyoming are pictured from the International Space Station as it orbited 261 miles above the western United States.
