Purpose

The Success Stories database is no longer active. If you have a success story or statement of value please enter it into the Value Statements Tracking Tool (https://value.ivv.nasa.gov). Unless deemed inappropriate (e.g. due to timeliness concerns), enter the value statement as an entry in the current week's GSFC Weekly report. For guidance on how to write a value statement, see Writing Value Statements -- Critical Knowledge Sheet.

Version History

VERSION HISTORY				
Version	**Description of Change**	**Rationale for Change**	**Author**	**Effective Date**
Basic	Initial Release		Stephanie Ferguson	6/23 /2010
A	Added Safety information and changed the website		Stephanie White	9/28 /2010
B	Remove Quarterly Report, clarify roles		Richard Grigg	10/4 /2011
C	Point users to Value Statements Tracking Tool and remove nearly all other content	The Value Statements Tool is now the go-to place for capturing value statements. Maintaining both the Success Stories database and the Value Statements Tool is inefficient.	Jeff Northey	12/17 /2018
