Space Communications and
Navigation (SCaN) - SBIR
Commercialization Workshop

SCaN | SBIR

September 14, 2016

Mountain View, CA

Workshop Features:

- Learn about projected SCaN technology needs and applications
- Meet one-on-one with industry and government
- Develop Partnerships

This workshop will provide the unique opportunity to identify potential areas of collaboration with prime contractors, advanced technology firms, and NASA technology managers.

Details to follow. For more information please contact Afroz.J.Zaman@nasa.gov.
