## ARMD Associate Administrator Awards Fiscal Year 2023

### **WRITTEN JUSTIFICATION**

All nominations require a justification narrative that must clearly describe how an outstanding approach or performance and resulting accomplishments during the past fiscal year makes the nominated individual or group deserving of an award in that specific category. Emphasis should be placed on how the actions taken by the individual or group resulted in an outcome that had or will have an impact on ARMD, its partners, and/or stakeholders. Narratives may include supporting comments from appropriate individuals, as well as links to online resources that offer additional information about – or examples of – the work performed.

**NOTE:** Nominations only will be considered for significant accomplishments or milestones/goals completed during the previous fiscal year. Activities may be ongoing, but the accomplishment at the time should be significant and worthy of being recognized.

The narrative is not to exceed 750 words. It may be included by using the space provided on the form, or as a separate page with a 1-inch margin on the top and ½-inch margins on the sides and bottom. In all cases, an 11-point, Times New Roman font must be used. Including graphics with the nomination as separate attachments is discouraged unless critical for providing clarity.

**Nominations not conforming to these guidelines will not be considered.**
