SUBJECT: Determination Regarding Attendance by NASA employees at the Space Foundation Event on February 16, 2023

On February 16, 2023, the Space Foundation, a nonprofit organization under 501(c)(3) of the Internal Revenue Code, will host a New Gen Kick-off Event at Hawk N' Dove, 329 Pennsylvania Ave., SE, Washington, DC 20003, starting at 5:30 pm. The event is an opportunity for young professionals in the space policy industry to network and mingle. There will be two speakers from the government and military to provide insight on the benefits of networking and getting to know the industry and its members. The two speakers are Colonel Dennis Wille (USSPACECOM) and Dr. Quincy Brown.

Approximately 100 people have been invited to attend. Attendees will have a diversity of views or interests and will include representatives from the legislative branch, state and local government officials, representatives from industry, employees of Federal agencies, and members from the foreign government space agencies. The estimated cost of the event, including all food and beverages, is \$20 per person. The Space Foundation is in control of the organizing, planning and invitations for this event. Attendance at this event will allow NASA attendees to exchange information regarding various NASA programs. I find that the event meets the requirements of a "widely attended gathering" as defined in 5 C.F.R. § 2635.204(g)(2).

I further determine that there is an Agency interest in having NASA personnel attend the event because it will provide an opportunity for the invited persons to exchange ideas and views pertaining to NASA's policies, programs and operations. NASA employees, including NASA employees in non-career positions who are required to sign the ethics pledge under Executive Order 13989, who do not have a significant role in a matter affecting the interests of the sponsor may accept an invitation for free attendance to the event. In those circumstances, I find that the Agency's interest in attendance outweighs any concern that the individual may be, or may appear to be, improperly influenced in the performance of their duties.

However, NASA employees who have a significant role in any pending matter affecting the interests of the Space Foundation, such as procurement duties, program management, or

negotiating or administering a Space Act Agreement, should seek a separate determination from their local ethics counselor as to whether they may accept the invitation. Attendees are reminded to exercise any COVID-19 precautions appropriate to their individual situation.
