

NASA OFFERING FLIGHT EXPERIENCES FOR HIGH SCHOOL EDUCATORS Wallops Rocket Academy for Teachers 2025

The Wallops Rocket Academy for Teachers (WRATS) provides high school educators with a technical flight experience that will reinforce science, technology, engineering, and mathematics (STEM) concepts. WRATS provides an authentic, hands-on rocketry experience based on NASA's sounding rocket engineering and science data collection.

Participants are given the opportunity to attend a rocket week August 11th-15th 2025 at NASA Goddard Space Flight Center Wallops Flight Facility located near Chincoteague, Virginia. Participants will build and launch a variety of model rockets, learn about the dynamics of a launch, and safe flight operations from NASA technical experts. Participants may also have an opportunity to view a sounding rocket launch on Wallops Island.

Apply using the [WRATS Application](#) by April 18, 2025. Contact [Patricia Benner](#) if you have questions.
