NASA JOBS SUPPORTED

There are 21 NASA federal employees and 413 contractors* in the state of Illinois.

For every NASA civil servant job located in Illinois, an additional 37** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA civil service employees, an additional \$19.2** million worth of output is sustained throughout the state economy.

**Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.
***Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: <https://blog.implan.com/understanding-implan-multipliers>

68

Sixty-eight Illinois suppliers contributed to NASA's Artemis program. An example of the state's contributions is tailoring hardware for Extravehicular Activity and Human Surface Mobility (EHP), the program charged with providing safe, reliable, and effective spacewalking and roving capabilities so that astronauts can explore the surface of the Moon outside the confines of a lunar lander.

An Illinois company built parts for the Artemis II Orion crew module, which will carry humans beyond Earth orbit.
