NEW MEXICO

White Sands Test Facility – Doña Ana County, NM

1,735

NASA JOBS SUPPORTED

White Sands Test Facility has 85 NASA federal employees and 1,023 contractors* in the state of New Mexico.

For every NASA civil servant job located in New Mexico, an additional 19** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA civil service employees, an additional \$8.1** million worth of output is sustained throughout the state economy.

* Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.
** Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: <https://blog.implan.com/understanding-implan-multipliers>

NASA ASTRONAUTS

Sidney M. Gutierrez

Harrison H. Schmitt

White Sands Test Facility

White Sands Test Facility tests and analyzes potentially hazardous materials, components, and systems including Composite Pressure Systems, Critical Systems and Materials Flight Acceptance, Hypervelocity Impacts, Oxygen Systems, Propellants and Aerospace Fluids, and Propulsion Systems.

The White Sands flight acceptance workforce performs NASA Technical Standard "Flammability, Offgassing, and Compatibility Requirements and Test Procedures" and related customized testing designed to verify space flight materials and system performance with a focus on ensuring safety during manned space flights.
