NASA JOBS SUPPORTED

There are 5 NASA federal employees and 248 contractors* in the state of Delaware.

For every NASA civil servant job located in Delaware, an additional 71** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA civil service employees, an additional $28.2** million worth of output is sustained throughout the state economy.

(*) Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.
(**) Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: https://blog.implan.com/understanding-implan-multipliers

NASA ASTRONAUTS

Nancy J. Currie-Gregg

(*) Active

4

Four Delaware suppliers contributed to NASA's Artemis program. An example of the state's contributions is tailoring hardware for Extravehicular Activity and Human Surface Mobility (EHP), the program charged with providing safe, reliable, and effective spacewalking and roving capabilities so that astronauts can explore the surface of the Moon outside the confines of a lunar lander.
