NASA JOBS SUPPORTED

There are 13 NASA federal employees and 213 contractors* in the state of Missouri.

For every NASA civil servant job located in Missouri, an additional 28** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA civil service employees, an additional \$12.8** million worth of output is sustained throughout the state economy.

*Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.

**Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: <https://blog.implan.com/understanding-implan-multipliers>

Twenty-two Missouri suppliers contributed to NASA's Artemis program. An example of the state's contributions is manufacturing supplies for NASA's SLS super-heavy lift rocket, the most powerful rocket ever flown. SLS will send Orion with astronauts to the Moon as part of the Artemis missions and to explore destinations far into the solar system.
