NASA JOBS SUPPORTED

There are 3 NASA federal employees and 98 contractors* in the state of Montana.

For every NASA civil servant job located in Montana, an additional 51** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA civil service employees, an additional \$21.3** million worth of output is sustained throughout the state economy.

*Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.

**Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: <https://blog.implan.com/understanding-implan-multipliers>

2

Two Montana suppliers contributed to NASA's Artemis program. An example of the state's contributions is providing critical materials for NASA's Orion spacecraft — the only spacecraft capable of crewed deep spaceflight and high-speed re-entry from the vicinity of the Moon.
